

CITY OF PORTLAND, MAINE

Standing Committee on Energy and Sustainability

Councilor Jon Hinck (A/L), Chair

Councilor Spencer Thibodeau (D2), Vice Chair

Councilor Ed Suslovic (D3)

Agenda

November 16, 2016

5:00 PM

Council Chambers

1. Review and approve minutes from September 21, 2016
2. Protecting Water Quality in the Sebago Lake Watershed

Sebago Lake provides drinking water for the City of Portland. Lee Dassler of the Western Foothill Land Trust will offer a brief presentation on efforts to preserve undeveloped land surrounding the lake as part of efforts to protect the water quality in the lake.

3. Maintaining the Urban Tree Canopy

Jeff Tarling will discuss the resources requirements maintaining the inventory of street trees at its current level. This is a follow up on a request from the Committee earlier this year.

4. Review accomplishments of the Committee during the past year.

The Energy and Sustainability Committee worked on many important initiatives during the past year. Troy Moon will offer a status report on projects on completed and ongoing projects. The Committee will suggest goals for the next session.

5. Adjourn
