ARTICLE IV. LICENSING OF TOW OPERATORS

*Editor's note--The schedule of tow fees is set by the City in Ord. No. 161-07/08, 3-3-08 as follows:

ORDERED, that the schedule of maximum rates permitted to be charged vehicle owners by wreckers for specified services listed below adopted pursuant to Chapter 28, Sections 275 and 303 (NOTE: now Section 125) of the Portland City Code, and by Council Order #30, dated June 7, 1989 and amended on May 16, 1994, January 19, 2000, Ord. No. 155-04/05, February 2, 2005, March 3, 2008, and Order 14-13/14 on July 15, 2013 is hereby replaced and amended as follows:

1. Towing of Vehicles or All-Terrain Vehicles

~~\$100.00~~~~85.00~~ per non-accident tow.

*The increase authorized by this subparagraph shall not go into effect until July 1, 2013 for the towing of a car during a declared snow ban.

~~\$125.00~~~~95.00~~ per accident tow.

\$105.00 for any vehicle with dual tires on the rear axle.

When a vehicle is off-road, submerged, rolled over or otherwise requires special equipment for retrieval before it can be towed, a charge of \$80 may be assessed in addition to the towing fee. If the recovery takes longer than one hour, a rate of \$80 per hour after the first hour may be charged.

2. Once a wrecker has hooked a vehicle to the wrecker, a vehicle owner may take possession of his vehicle if the wrecker has not started to leave the scene with the vehicle and if the owner pays a ~~\$30.00~~~~25.00~~ fee in cash to the wrecker driver. Upon such payment, the wrecker shall release the vehicle. No towing fee shall be charged if the owner arrives to move his vehicle prior to the wrecker hooking up to the vehicle. In the case of a police-requested tow and to the extent possible, the wrecker shall not lose its place in rotation on the police

towing list if the tow is either cancelled or if the owner retrieves his vehicle prior to tow under this subsection. "Hooked or hooked up" for purposes of this subsection means that the wrecker has attached the vehicle to the wrecker by chains or by hook, or some other similar physical connection that must be detached before the vehicle can move, regardless of whether it has been lifted or moved. "Starts to leave the scene" means that the vehicle is fully attached for towing and the wrecker has begun to move from the scene.

When a vehicle is shoveled out by a tow operator in order to hook it up during a snow ban or for a snow removal conducted by or for the City, and a City employee engaged or participating in the snow removal process determines that the shoveling was reasonable and necessary to accomplish a hook up, the fee shall be \$25 regardless of whether the vehicle is hooked up when the vehicle owner arrives at the scene. In cases where the vehicle is shoveled out and hooked up the total fee to release the vehicle shall be ~~\$25~~.

3. Storage of vehicles: ~~\$30.00~~~~25.00~~ per day or part thereof. Storage charges shall begin twenty-four hours after the vehicle is towed.
4. The charge by the City for vehicles impounded or stored on City property pursuant to Chapter 28 shall be \$25.00 for impoundment and storage for the first twenty-four hours from the date and time of impoundment, and shall be \$10.00 for each day, or part thereof, thereafter.
5. Wrecker owners may charge a ~~\$30.00~~~~25.00~~ release fee for vehicles released from storage after 7:00 p.m. and prior to 7:00 a.m. seven days a week and from 7:00 a.m. to 7:00 p.m. on Sundays or on official City holidays.
6. The Chief of police or his designee may authorize additional charges in unusual circumstances.
7. If a vehicle must be towed after the initial tow, wrecker owners may charge a ~~\$100.00~~~~85.00~~ fee for each additional tow of the same vehicle performed at the City's request.
8. When a vehicle and trailer or two vehicles are towed at the same time the tow fee shall be \$130.

BE IT FURTHER ORDERED, that the above provisions apply to any tow of a vehicle without the owner's consent, including but not limited to private lot tows requested by a lot owner or manager, and to police requested tows of private vehicles, including but not limited to abandoned vehicle tows, snow tows, scofflaw tows and accident scene tows.

DIVISION 1. GENERALLY

Sec. 28-121. Purpose.

In order to protect the safety of persons who operate motor vehicles within the corporate limits of the city, to ensure that the streets and public ways of the city remain open and free of hazard to the public and to further effectuate the efficient enforcement of the city's traffic, parking, snow removal and other regulatory ordinances, it is determined necessary to ensure by licensing the regulation of persons engaged in the business of providing vehicle wrecker or towing and required repair services, to establish rates for such service to the extent permitted by law, to regulate the storage and disposition of vehicles so towed, and to set fees and penalties for the enforcement thereof.
(Ord. No. 183-97, 1-22-97)

Sec. 28-122. Definitions.

The following words and terms as used in this article shall have the common meanings ascribed thereto, except that the definitions set forth in chapter 15 or in this section shall apply, unless the context clearly indicates a different meaning:

Towing list means a list or lists maintained by the police department containing the names of those wreckers licensed by the city to respond to requests for the towing of vehicles made by the police department.

Wrecker means a person engaged in the business of, or offering the services of, a vehicle wrecker or towing service, whereby motor vehicles are or may be towed or otherwise removed from one (1) place to another by the use of a motor vehicle adapted to and designed for that purpose.
(Ord. No. 183-97, 1-22-97)

Cross reference(s)--Definitions and rules of construction generally, § 1-2.

Sec. 28-123. Minimum continuous regulations.

The following minimum regulations will be met on a continuous basis by all licensees:

- (a) Licensees shall operate and maintain storage and release facilities within the city, or within a radius of five

(5) miles from Portland City Hall, as may be necessary for safe and proper conduct of towing activities.

- (b) Licensees shall permit the chief of police to conduct one (1) regular and two (2) random inspections of each towing vehicle during the term of the license.
- (c) Licensees shall permit the chief of police to conduct one (1) regular and two (2) random inspections of each storage and release areas during the term of the license.
- (d) Licensees shall maintain such records as required by regulations promulgated by the chief of police pursuant to section 28-124 and shall permit their inspection by the chief or his or her designee during normal business hours.
- (e) Vehicles must be towed, not driven, to storage lots.
- (f) Licensees must provide a secure storage area in accordance with regulations promulgated in accordance with section 28-124.
- (g) No vehicle shall be towed to a lot outside of the city unless pursuant to subsection (1) of this section or unless it has been unclaimed for thirty (30) days and only upon the prior written notice to the police chief or his or her designee.
- (h) The police chief or his or her designee must be notified of any unclaimed vehicle by electronically reporting the relevant information from the invoice or tow slip for any unclaimed vehicle once a week to the police chief or his or her designee. Said information shall be electronically reported by Tuesday each week and shall include information for each vehicle in licensee's possession that remains unclaimed on the last day of the preceding week.
- (i) Licensees shall clean the accident area of all nonhazardous vehicular debris resulting from the accident, if there be any.
- (j) Licensees shall not make any repairs to vehicles without the consent of the owner.

- (k) Vehicles shall be released from storage in accordance with regulations promulgated by the chief of police pursuant to section 28-124.
- (l) Licensees shall hold the city harmless from all claims for damages to property and injuries to persons resulting from the licensees' negligence in the towing or storage of vehicles pursuant hereto.
- (m) Licensees shall not require the owner of the towed vehicle to pay any charge unless signage warning that unauthorized vehicles will be towed at the vehicle owner's expense is posted clearly and conspicuously at each entrance and exit of nonresidential property from which the vehicle is removed or said signage is clearly and conspicuously visible from all entrances of the lot. Signs must include information about how a missing vehicle may be located.
- (n) Licensees shall conspicuously post current rates for services under this article at the release facility.
- (o) Licensees shall release vehicles within one (1) hour of the owner's request.

(Ord. No. 183-97, 1-22-97; Ord. No. 27-08/09, 8-4-08)

Sec. 28-124. Regulations may be promulgated by chief of police.

The chief of police is hereby authorized to promulgate regulations not inconsistent with this article to carry out the intent of the article. All licenses issued pursuant to this article shall be subject to such applicable regulations as are adopted hereunder either prior to or after the date of the issuance thereof.

(Ord. No. 183-97, 1-22-97)

Sec. 28-125. Rates for services.

Maximum rates for services regulated by this article shall be established by the city council after written notice to licensees and a public hearing thereon.

(Ord. No. 183-97, 1-22-97)

Sec. 28-126. Disposition of abandoned vehicles.

- (a) The licensee shall comply with the procedures set forth

in Title 29-A M.R.S.A., Chapter 15, Subchapter III.

(b) In the event of an unclaimed or abandoned vehicle, the licensee's sole remedy shall be as outlined in Title 29-A M.R.S.A., Chapter 15, Subchapter III regarding unclaimed and abandoned vehicles. A licensee may be reimbursed for administrative and legal costs incurred should the vehicle owner seek to re-claim the vehicle. Reimbursement shall be subject to review and approval by the Chief of Police or designee.

(c) A copy of Title 29-A M.R.S.A., Chapter 15, Subchapter III shall be issued to each licensee and shall be available to the public in the city clerk's office.
(Ord. No. 183-97, 1-22-97)

Sec. 28-127. Release of vehicles impounded pursuant to provisions for towing parked vehicles.

Whenever a vehicle has been removed and stored pursuant to police request, it shall not be released until the provisions of section 28-103(a), (b) or (c) concerning the payment of waiver fees and charges owed to the city have been complied with. 7.
(Ord. No. 183-97, 1-22-97)

Sec. 28-128. Solicitation of business.

No wrecker may respond to the scene of an accident or emergency for the purpose of towing vehicles unless specifically called there by the police or person involved in the accident or emergency. This section is intended to prohibit wrecker owners from soliciting business at the scenes of accidents and emergencies and shall not be construed to prohibit any wrecker from contracting with any person providing the wrecker owner, his or her agents and employees do not solicit towing contracts at the scene of accidents or emergencies.
(Ord. No. 183-97, 1-22-97)

Sec. 28-129. Removal of towed vehicle or parts thereof from wrecker's lot.

No vehicle or part or accessory thereof that has been towed by police request shall be removed from the possession or premises of the licensee or owner of the storage area, except in accordance with section 28-103. This shall apply to and include, without limitation, the owner of such vehicle. Nothing herein shall

prohibit the licensee from acting in accordance with this article. Upon written application of the owner of a vehicle being held by the licensee, the chief of police or authorized representative may make suitable arrangements for the retrieval of specified personal property of the registered owner if satisfied that there are exigent circumstances requiring retrieval prior to the owner reclaiming the vehicle. For purposes of this section, "personal effects" includes medications, medical equipment, clothing, mail, child safety seats and similar items. Except for child safety seats, items attached to the vehicle and business equipment, machinery and tools are not considered personal effects.

(Ord. No. 183-97, 1-22-97)

Sec. 28-130. Enforcement.

(a) Any violation of this division shall be punishable by a fine as provided in section 1-15.

(b) The chief of police or his designee may, prior to commencement of court action, issue a notice of violation to any person charged with a violation of this division. Said notice shall be in a form approved by the corporation counsel and shall provide a method by which a person charged with a violation of this division may waive court action with respect to the violation by payment of a specified fee within a stated period of time.

SUBJECT: Proposed Towing Fee Increases
DATE: October 11, 2017

OBJECTIVE:

To review and make recommendations to the fee schedule for towing operators.

BACKGROUND:

The City of Portland regulates the fees paid to tow companies/operators for services provided to the City of Portland. Private towing companies are an integral component to safe streets in the city of Portland as they provide services to accidents, illegally parked vehicles, and assist in achieving snow ban compliance. Representatives of the towing companies have requested that the tow fees be increased as a result of increased costs since the fees were last adjusted.

On September 28, 2017, City staff, including representatives of the Portland Police Department, Portland Parking Division, and the City Manager's Office met with tow operators to discuss possible fee increases. Additionally, Portland Parking Division provided staff with a history of towing fee adjustments in the City of Portland, as well as survey results of parking fees paid by other Maine cities and various New England cities to tow company operators.

RECOMMENDATIONS:

After meeting with representatives of area tow companies, and reviewing the attached survey data, City staff is recommends that the tow fees be adjusted as follows:

1. Non-accident tow: increase from \$85.00 to \$100.00; this fee was last adjusted in July, 2013.
2. Accident tow: increase from \$105.00 to \$125.00; this fee was last adjusted in July, 2013.

3. Storage of Vehicles: increase from \$25.00 to \$30.00; this fee was last adjusted in February, 2008.
4. After hours release: increase from \$25.00 to \$30.00; this fee was last adjusted in February, 2008.
5. Vehicle re-tows: increase from \$85.00 to \$100.00; this fee was last adjusted in July, 2013.
6. Hook up/Drop fee: increase from \$25.00 to \$30.00; this fee was last adjusted in 1994.
7. Additionally, City staff recommends that recovery charges be addressed in City Code. Recovery charges are incurred when a vehicle has left the roadway, is submerged, rolled over, or otherwise requires special equipment for retrieval before it can be towed. Staff recommends that a charge of \$80.00 be assessed in addition to the towing fee. If the vehicle recovery takes longer than one hour, a rate of \$80.00 per hour may be charged after the first hour.
8. Tow operators also requested reimbursement of administrative and legal costs incurred by tow companies during disposition of unclaimed or abandoned vehicles, as set out in Sec. 28-126, if the owner decides to re-claim the vehicle. Staff recommends that such costs be reimbursed only after documentation of expenses have been provided to and authorized by the Portland Police Department.
9. Tow companies also requested a change to after hour release language, to expand the hours from 5pm to 9 am weekdays, and to add Saturday from 7 am to 7pm to the current after hour schedule. The current after hour schedule is after 7:00 p.m. and prior to 7:00 a.m. seven days a week and from 7:00 a.m. to 7:00 p.m. on Sundays or on official City holidays. City staff recommends that no change be made to this schedule.
10. Tow operators also requested that consideration be given to allow wrecker companies to assess an additional fee for no shows for vehicle releases after hours. City staff does not recommend an additional fee.
11. Tow operators also requested a similar fee for vehicle owners who call after hours to retrieve personal possessions from the towed vehicle. City staff does not recommend an additional fee. However, City staff does recommend additional language be added to City Code to clarify what items are included as personal possessions. The proposed language, which mirrors current state statute, provides clarity as to what may be removed from a towed vehicle without reclaiming it.

SUBJECT: Street Maintenance Parking Restrictions
DATE: October 5, 2017

OBJECTIVE:

Due to changes in municipal operations, street sweeping is no longer the norm during street maintenance restricted parking. As a result, the City Manager has requested a review of existing street maintenance parking restrictions on and off peninsula. Below is a summary of the background and proposed recommended amendments to those parking restrictions based on that review.

BACKGROUND:

The City of Portland regulates the parking of vehicles on Portland streets in Chapter 28 of the City Code. Street maintenance parking restrictions in that Chapter fall into one of two categories:

First, on peninsula including a concentration of streets in and around the former Nathan Clifford School, parking is prohibited during designated night time hours when signs prohibiting the same have been posted. Additionally, there are day time restrictions for street maintenance in the East End and Parkside neighborhoods. It should also be noted that until 2013 on peninsula streets had a parking restriction one night/day per week. In 2013, however, the restriction was relaxed to one night/day every other week as it was acknowledged that City services were being performed less at night.

Second, off peninsula parking is allowed on even number days on the even numbered side of the street, and on odd numbered days on the odd numbered side of the street. This is more commonly known as "Odd/Even Parking". There are three neighborhood areas where odd/even parking is currently enforced in the City: Deering Center, the USM area, and a section of Libbytown.

In all instances, the above parking restrictions allow for City services such as street sweeping and snow removal to be provided. More recently, sweeping during parking restrictions occurs primarily in the spring to clean up the residual sand/salt from

roadways, and in the fall, to clean up the leaf drop to City streets. During the summer months street sweeping is more commonly performed during the day time hours.

RECOMMENDATIONS:

City staff, comprised of representatives from the Department of Public Works, Parking, and the City Manager's Office convened to review the current City parking restrictions, and recommend possible changes. The following is a list of the staff recommendations:

Peninsula parking (including section around Nathan Clifford School): Staff recommends that streets where parking is restricted to designated hours, with signs specifically prohibiting the same, only be enforced from October 1 to May 31 each year. This time frame allows for City staff to sweep streets due to the annual leaf drop, allow for snow removal during winter months, and allow for the sweeping of the streets in the spring to clean up the residual sand/salt from winter operations.¹ This time frame also allows for a period each fall to warn parkers that the restriction is in effect before actual enforcement commences. This proposed change would not apply to Service Area 3 of Traffic Schedule XXXA, which contains streets within Portland Downtown where staff recommends that the current restrictions remain in place year-round.

It is important to note that this recommendation will result in a decrease in parking ticket revenue of approximately \$150,000 from tickets issued during the parking restrictions.

Off Peninsula: In all other areas of the City, odd/even parking restrictions currently exist; however as stated previously it is only enforced in three neighborhood areas: Deering Center, the USM area, and a section of Libbytown. Staff recommends that the odd/even parking restrictions be removed from City Code and overnight parking be unrestricted. The removal of this parking restriction will not affect Public Works sweeping operations, but there will be a decrease in parking ticket revenue of approximately \$22,500 from tickets issued in the areas where odd/even parking is enforced.

The following attachments are included for your review:

1. Proposed Changes to Chapter 28
2. Traffic Schedule XXXA
3. Traffic Schedule XXXB
4. Traffic Schedule XXXIA
5. List of streets subject to Odd/Even Enforcement
6. Parking Ticket Breakdown

¹ On peninsula streets will see an overall decrease in sweeping, as Public Works currently programs up to eight sweeps per year, and will be decreasing this number in the coming year to four sweeps per year.

Code of Ordinances
Sec. 28-53

Traffic and Motor Vehicles
Chapter 28
Rev. 6-7-12

- (g) Within thirty (30) feet upon the approach to any flashing beacon, stop sign or traffic-control signal located at the side of a roadway;
- (h) Between a safety zone and the adjacent curb or within thirty (30) feet of points on the curb immediately opposite the ends of a safety zone, unless the traffic engineer indicates a different length by signs or markings;
- (i) Within twenty (20) feet of the driveway entrance to any fire station and on the side of a street opposite the entrance to any fire station within seventy-five (75) feet of the entrance when properly signed;
- (j) Alongside or opposite any street excavation or obstruction when such stopping, standing or parking would obstruct traffic or interfere with said excavation;
- (k) On the roadway side of any vehicle stopped or parked at the edge or curb of a street or "double park," so-called;
- (l) At any place where official signs prohibit stopping or parking;
- (m) In front of a place of business for longer than one (1) hour between the hours of 9:00 a.m. and 5:00 p.m., except for Sundays and state and federally sanctioned holidays, unless a different regulation is provided by sign or by meter or by this chapter for such location.

(Ord. No. 183-97, 1-22-97; Ord. No. 275-97, 5-5-97)

Sec. 28-54. Overnight parking.

- (a) No person shall park a vehicle on any street between designated nighttime hours, 12:01 AM - 7:00 A.M., as described in Traffic Schedule XXXA and XXXB; and on any street between designated daytime hours of 10:00 AM - 2:00PM, as described in Traffic Schedule XXXIA, when signs prohibiting same have been posted. Signs prohibiting such ~~overnight~~ parking shall be posted upon the direction of the traffic engineer for reasons of narrowness, traffic hazard, snow removal or other reasons pertaining to the health, safety or welfare of the general public. Effective June 1, 2018, on streets posted

pursuant to the provisions of subsection (a); the restriction shall be suspended from June 1 to September 30 of each calendar year, unless posted by emergency order. The streets within Traffic Schedule XXXA, Service Area 3, shall be excluded from the suspension.

(b) On streets not posted pursuant to the provisions of subsection (a), parking shall be unregulated unless posted by emergency order ~~no persons shall park or leave a vehicle parked between the hours of 12:01 a.m. and 7:00 a.m. of any day, except that persons may park or leave vehicles parked on even house-numbered sides of such streets on even-numbered days of each calendar month, and on the odd-numbered sides of such streets on odd-numbered days of each calendar month.~~

(c) On streets where one (1) side only of an entire block is so posted against parking that the effect is to prohibit parking during the hours of 12:01 a.m. and 7:00 a.m. every day, the provisions of subsection (b) shall not apply to the side of the street directly opposite the side where parking is so prohibited, and parking shall be permitted on such opposite side of the street unless such parking is otherwise specifically prohibited.

(d) Nothing in this section shall be construed so as to permit any vehicle to be parked or to be left parked on any street or way so as to interfere with or hinder the removal or plowing of snow by the city, nor to permit the parking or leaving of a vehicle parked in violation of any other section of this Code including but not limited to declarations of emergency pursuant to section 28-24(15).

(e) Subsections (b) and (c) shall not apply on streets where the traffic engineer has placed signs stating that parking is prohibited between specified nighttime hours on specified days.
(Ord. No. 183-97, 1-22-97)

Sec. 28-55. Bus stops.

(a) The driver of any urban or interurban bus shall not stand or park in any business district at any place other than at a bus stop, except that this provision shall not prevent the driver of any such bus from temporarily stopping in accordance with other stopping or parking regulations at any place designated for the purpose of and while actually engaged in loading or unloading passengers.
