Testimony to the Taxation Committee
On: LD 839 “An Act to Increase Funding for Multimodal Transportation”

April 24, 2019

Paul H. Bradbury, Airport Director Portland International Jetport

Good morning Chairman Chipman, Chairman Tipping, and members of the Taxation Committee. My name is Paul Bradbury and I serve as Airport Director for the Portland International Jetport. Thank you for the opportunity to speak to the Committee. Today I will be providing testimony against LD 839, noting the concerns it raises for the Portland International Jetport.

The Portland International Jetport provides an important connection for Maine residents, businesses, and visitors to the national and international air transportation systems. It provided this connection to more than 2.13 million individuals in 2018, an all-time record. The ability to quickly and efficiently connect Maine to the world is vital to the State's economy. The Jetport's economic benefit was calculated in our 2016 sustainable airport master plan at over \$1.04 billion annually, supporting more than 8,200 jobs. A number which has certainly grown with our passenger volume increases of 20% since 2016.

The Portland International Jetport is an enterprise fund of the City of Portland. It is self-sustaining and does not receive any financial support from City of Portland taxpayers. All debt is backed only by Jetport revenues which are generated by passengers who, in a competitive market place, choose the Jetport as their connection to the air transportation system.

It is critical that the Jetport be responsive to all our users if we hope to remain the airport of choice for travelers flying into and out of Maine. It wasn't too many years ago that this distinction was held by Boston Logan International. The summer and fall season is a critical part of our business, and a key component of this business is travelers who arrive and tour our great state. There is only one way for most visitors to tour Maine – rent a car. I am concerned the increase in rental car taxes from 10% to 15% a dramatic 50% increase proposed under LD 839 will make the Jetport less competitive relative to its out of state peers when it comes to providing this service. Why fly to Portland if the overall cost for your trip is less via Manchester-Boston Regional Airport or Boston Logan International? In New Hampshire there is 9% surcharge on rental cars and in Massachusetts there is a 6.25% sales tax and \$12 in fees and surcharges. Both are lower than Maine's current sales tax of 10%, so our business model is already strained relative to our out of state competitors. I know from experience that today's travelers are very sophisticated and use technology to find the lowest total cost to fulfill their travel plans.

Additionally, beyond our regional peers this increase to 15% appears to move our rental car sales tax to the highest in the nation. If local taxes and surcharges are included a 15% sales would rank us the 5th highest total tax on rental cars in the U.S.

Multimodal Transportation funding is very important to our state, but it would be disappointing to increase this tax so dramatically that it causes our rental car market to stagnate or decline and negatively impacts the market for air travel into Maine. Please give the Portland International Jetport and all Maine airports the ability to remain competitive on the complete travel package and reject this proposed increase in the rental car tax.
