

City of Portland, Maine
Joint Finance & Housing Committee Meeting Agenda
Thursday, March 7, 2019
5:30 PM, City Hall, Room 209

AGENDA

1. Introductions

2. Approval of February 2019 Meeting Minutes

See Attachment A for draft minutes from the February 6, 2019 and February 11, 2019 meetings of the Committee.

3. Public Hearing: Capitalization of the Housing Trust Fund

The Committees will discuss whether additional capitalization of the Housing Trust Fund (HTF), a tool utilized by the City to encourage the production of housing affordable to households at workforce income levels and below by providing public funds to private developers of housing, is needed. Over \$1.7M of funding has been infused into the HTF over the past two years. The HTF currently receives funding from a wide variety of sources including fees paid under the Housing Preservation and Replacement Ordinance, revenue from the Short Term Rental Registration Program, fee-in-lieu contributions from the Inclusionary Zoning Ordinance, hotel project inclusionary fees (expected to produce up to \$640,000 per year), and other funding resources including the sale of City property, funding from the HUD HOME Affordable Housing Development Program (current budget of \$549,536) and CDBG Programs Funding. Staff from Planning and Finance will be in attendance to answer questions as well as City Bond Counsel Jim Saffian. A Public Hearing is scheduled on this item.

4. Next Meeting Date – Wednesday, March 27, 2019, 5:30PM in Room 209

5. Adjournment

**City of Portland, Maine
Finance Committee Meeting
Wednesday, February 6, 2019
5:30 p.m., Room 209**

MINUTES

**Finance Committee MEMBERS PRESENT:
Chair Mavodones, Committee Members Costa & Strimling**

Members of the City Council (Duson, Ali), Members of City Staff and Public

5:35 PM – Meeting Called to Order

5:35 PM - Introductions

5:36 PM - Approval of January 2019 Meeting Minutes (Attachment A)

See Attachment A for draft minutes from the January 10, 2019 and January 24, 2019 meetings of the Committee

Motion made by Costa, seconded by Strimling (Passes 3-0) Vote Time: 5:39 PM

5:39 PM - Mayor Strimling's Proposed Amendments to City Contracting

On 9/12/18 the Committee received a memo from Mayor Strimling describing a proposal to make significant changes to City Contracting rules. At the 11/28/18 meeting Mayor Strimling presented a draft ordinance in the form of redlined City Code. At the current meeting Mayor Strimling will present some additional redlined changes to his proposed ordinance. This item is a discussion item only – no action will be taken at the current meeting.

7:24 PM - City of Portland Debt Management Policy Discussion

The Committee will continue their discussion of the City of Portland debt management policy. The Committee will discuss proposed changes from the Finance Director which were developed after review of current rating agency criteria and in consultation with the City's financial and bond advisers. This item is a discussion item only – no action will be taken at the current meeting.

7:47 PM - Future Meeting Dates

The Committee will briefly review any common goals for Finance Committee which arose at the January 28, 2019 City Council Workshop including potential timing on the annual agenda. The Committee has set their next meeting for Monday, February 11th at 5:30PM in City Council Chambers. A Public Hearing will be held on the Proposed Amendments to City Contracting and a vote is tentatively scheduled. March meeting dates are tentatively set as Thursday, March 14th and Thursday, March 28th.

7:51 PM - Adjournment

**City of Portland, Maine
Finance Committee Meeting
Monday, February 11, 2019
5:30 p.m., City Council Chambers**

MINUTES

**Finance Committee MEMBERS PRESENT:
Chair Mavodones, Committee Members Costa & Strimling**

Members of the City Council (Duson, Ali), Members of City Staff and Public

5:41 PM - Meeting Called to Order

5:42 PM - Introductions

5:43 PM - Public Hearing and Scheduled Vote: Proposed Amendments to City Contracting

On 9/12/18 the Committee received a memo from Mayor Strimling describing a proposal to make significant changes to City Contracting rules. At the 11/28/18 meeting Mayor Strimling presented a draft ordinance in the form of redlined City Code. An updated draft of redlines to City Code as well as a clean copy have been attached. All backup materials from the previous meeting are also attached. A Public Hearing is scheduled on this item and a vote on the proposal is scheduled to occur.

Upon completion of public hearing, no formal action was taken. The Committee asked staff to draft a point based procurement system for review at a future meeting date. No future dates on this topic were set.

Next Meeting Date – March 7, 2019, 5:30PM in Room 209 (joint with Housing Committee)

Topics to include capitalization of housing trust fund and proposed changes to debt management policy

7:26 PM - Adjournment

CITY OF PORTLAND
Planning & Urban Development
Jeff Levine, AICP, Director

To: Members of the Finance Committee and Housing Committee
From: Jeff Levine, Director, Planning and Urban Development Department
Mary Davis, HCD Division Director
cc: Jon P. Jennings, City Manager
Brendan T. O'Connell, Finance Director

March 1, 2019

Re: Capitalization of the Housing Trust Fund (HTF)

As part of the City Council's Strategic Planning meeting, the Housing Committee submitted priorities that include a goal to set an annual target of new units or a percentage of units and an increase in the dollars available for affordable housing development. In addition, the Finance Committee has included capitalization of the Housing Trust Fund as part of their strategic goals. Staff is in support of these goals and believes they should be reviewed comprehensively as one policy.

Work has already begun on a new process that would support these goals. The Housing and Community Development Division is working on a proposal that would include a single application process for affordable housing development funding. This would allow staff to determine which funding source is best for each project and then make funding recommendations to the City Council for final approval. Based on current figures and trends, we can provide some general numbers for use in determining future funding needs for the Housing Trust.

The Housing Trust Fund is a valuable tool that can assist the City in meeting the goal of providing increased availability in all segments of the housing market. The HTF is funded through a variety of sources including fees paid under the Housing Preservation and Replacement Ordinance, revenue from the Short Term Rental Registration Program, fee-in-lieu contributions from the Inclusionary Zoning Ordinance (including the hotel inclusionary zoning fees) and other sources.

The current unencumbered balance in the Housing Trust Fund is \$1,275,820 (\$277,500 was received this week from a development at 20 Thames Street that was subject to inclusionary zoning). The 2018 Housing Trust Annual Plan includes a maximum award amount not to exceed \$15,000 per unit. When the 2018 plan was created, an analysis of housing development subsidized by the City of Portland since 2000, showed that City had invested over \$13 million, using various resources such as the HOME and CDBG Programs. That investment leveraged the creation of 951 units of housing. The average

389 Congress Street • Portland, Maine 04101

• 207-874-8720 jlevine@portlandmaine.gov •

www.portlandmaine.gov

City investment per unit was \$14,539. The annual production rate of housing in that time has been about 50 units a year (951 units/19 years).

Based on the investments made by the City in 2018, the investment total is now \$27,785,745. The average City investment per unit increased to \$21,657. The total number of units complete or under development is 1283. If all of these units are built in a timely fashion, the annual production rate of housing would increase to about 65 units a year (1283 units/20 years).

In order to utilize our funding resources efficiently, staff continues to recommend that these funds be used as gap financing to leverage other public resources, such as Low Income Housing Tax Credits. Doing so allows for maximum production from local resources (HOME, Trust Fund dollars) though it also limits the number of units that can be funded.

Using past figures as a guide, that would limit our capacity to production of about 65 units a year at \$21,657 a unit. Overall that would mean that we could utilize about \$1.4 million a year to create 65 units.

We collected about \$1,754,770 in the Housing Trust Fund over the past two years, \$377,385 a year plus an additional \$1,000,000 from the Thames Street sale. We project the new Hotel Inclusionary Zoning to produce up to \$640,000 a year. Additionally, this year the proposed HOME Affordable Housing Development budget is \$549,536.

Housing Trust Gap

In brief, any gap in the Housing Trust on an annual basis will depend on a number of factors:

1. Success in meeting a production goal in the previous year;
2. Revenue to the Housing Trust from Inclusionary Zoning fee-in-lieu payments;
3. Revenue to the Housing Trust from Hotel Inclusionary Zoning fee-in-lieu payments;
4. Revenue to the Housing Trust from Housing Replacement requirements (which have generally been \$0 in recent years due to the strong housing market);
5. Revenue to the Housing Trust from one-time allocations such as the WEX site sale;
6. Determination to keep a \$500,000 minimum balance in the Trust;
7. The specific production goal set for a particular year.
8. Need to increase the per unit allocation for production above the baseline of \$21,657.

The attached sheet lays out a number of scenarios based on variations of these factors. In brief, staff recommends that any allocation to the Housing Trust in a particular fiscal year be limited to the gap between expected sources and expected expenditures. The precise number would vary from year to year. In each scenario we assumed \$100,000 going into the Housing Trust Fund via various one-time sources such as sales of tax acquired properties, easement payments, etc. We also assumed that the goal is to reach a steady-state where the annual expenditure reducing the balance from the Housing Trust is equal to the amount allocated that year. While the exact numbers are hard to predict, these assumptions would lead to a stable Trust with a goal of producing 65 units annually, with an allocation of between \$120,000 and \$395,320.

HOUSING TRUST FUND CAPITALIZATION NEEDS ANALYSIS

5	2018	PHA 37 Front Street	\$925,000.00	111
6	2018	Wessex Woods 977 Brighton Avenue	\$300,000.00	40
		Total Expenditures	\$1,864,835.00	
		Total # Units	230	

As noted in the above chart, projects funded with Housing Trust Funds include:

Avesta Oak Street Loft project which produced 37 efficiency units of rental housing

- 1 affordable at 60% of the area median income (AMI) and below (including four units at 40% of AMI)

- 2a Avesta's Huston Commons which produced 30 efficiency Housing First units

- 2b Community Housing of Maine purchased a property on St. John Street which produced four Housing First units.

- 4 65 Munjoy Street which produced eight condominium units available for sale to households earning at or below 120% of AMI

- 5 Proposed PHA Front Street project which will create 111 units of housing; 3 units affordable at 60% ami; 85 units affordable at 50% ami; 23 market rate units

- 6 Avesta Wessex Woods at 977 Brighton Avenue which will create 40 units of rental housing; 10 units affordable at 60% ami; 24 units affordable at 50% ami; 6 market rate units

5. 7M OF HOUSING TRUST FUNDS - BOND AUTHORIZATION ORDER (Pages 56 – 59)
6. 7M OF HOUSING TRUST FUNDS - BOND APPROPRIATION ORDER (Page 60)

Office of the Mayor, Ethan K Strimling

DISTRIBUTE TO: Members of the Finance Committee; Councilor Nicholas Mavodones,
Chair and Councilor Justin Costa
FROM: Ethan Strimling, Mayor
DATE: Oct 4, 2018
SUBJECT: Housing Bond

Please consider this memo a formal proposal for the Finance Committee to help us meet the 2017 & 2018 Council Priorities of capitalizing the Housing Trust (see attachment #1) and the 2018 Council Priority to "Increase access to rental and ownership housing that is safe and affordable for working and low income families." (see attachment #2).

This particular proposal is to authorize \$7M in borrowing to be available for our Housing Trust [HT] to then be distributed for the development of affordable and mixed use housing in Portland.

Why Capitalize the Housing Trust?

Although this has been a council priority for at least two years, it bears reminding ourselves why the Housing Trust is such a valuable tool and why capitalizing it is so essential. Here is how the fund is described by city staff in two memos to the Housing Committee this year:

"The Housing Trust Fund is a valuable tool that can assist the City in meeting the goal of providing increased availability in all segments of the housing market. While the City has other resources such as the HUD HOME and CDBG Programs, those funds are limited in amount and scope..... The HOME program restricts rental housing assistance to households at or below 60% of the area median income and home ownership assistance to households at or below 80% of the area median income. The CDBG program is restricted to households at or below 80% of the area median income. City Ordinance allows the Housing Trust Fund to assist households at or below 120% of area median income." April, 2018 (see attachment #3)

Unfortunately, according to Housing staff, the lack of funding from a stable and steady source leaves our Housing Trust as an undependable source for Affordable Housing developers.

*"The Housing Trust Fund also does not provide a stable and steady source of funding for affordable housing **due to the lack of a dedicated funding source**. The absence of a dependable source of funding raises genuine concerns of uncertainty when addressing an issue that affects the entire community." (bold added) February, 2018 (see attachment #4)*

The Need for Housing

I won't spend a lot of time re-examining the need for affordable housing in Portland, but perhaps there are a few important points to remember, as we determine our recommendation.

- In a Sept 8 presentation regarding a new shelter model, City of Portland Staff listed the "lack of affordable housing" as the number 1 issue causing our homeless shelter to be over-crowded (see attachment #5)
- According to Maine Housing, Portland is the least affordable city to buy or rent a home in all of Cumberland County. (see attachment #6)
 - The average family in Portland would have to earn almost double what they currently make to purchase a median priced home in Portland (\$49K vs \$87K).
 - 10,477 renters in Portland currently cannot afford the rent they pay.
- In a groundbreaking story in the Press Herald on the housing crisis, it outlined a rental market that has increased by 40% over five years and that had an affordability gap of \$545 <http://specialprojects.pressherald.com/no-vacancy/#firstPage>
- Currently, Portland Housing Authority submitted testimony to the Finance Committee saying they have an unduplicated waiting list of 1,135 families looking for housing in Portland. (see attachment #7)
- According to Preble Street, when Huston Commons was created, our latest Housing First project, there was a waiting list of 120 people (and these are just the most low-income chronically homeless).

The impact \$7M could have on the housing crisis

Because of the flexibility of the Housing Trust, it can be used to assist with all kinds of projects from Housing First to mixed use. Also, because of that flexibility and its ability to leverage other funds, the HT can help us develop units at a very low cost-per-unit. In understanding the full capacity of what \$7M can do, historically the numbers provide a clear picture:

- Since 2000, Portland has subsidized 35 housing development projects which created 1,283 units of housing. The total City investment (from all sources excluding TIF's) was \$14,303,762 which amounted to an average city contribution per unit of \$11,149. (see attachment 8) **At this average cost per unit, \$7M would produce 628 units.**

- Historically, over the past 15 years, the Housing Trust alone has expended \$1.9M and is responsible for building at least 229 units. That is a cost of \$8,296 per unit on average. **At this average cost per unit, \$7M would build 844 units of housing.**
- In the past five years, utilizing all City of Portland resources (HOME/CDBG/HT, and excluding TIF's), PHA and AVESTA have been able to produce (or are about to produce) 512 units in Portland at a city subsidy cost of only \$4.5M; \$8,800 per unit. (see attachment #9) **At this average cost per unit, \$7M would produce 795 units.**

In sum, based on past performance, it appears that investing \$7M in the HT can create from 600 to 800 units of housing over five years.

Costs to the taxpayer

According to City Staff, borrowing \$7M would cost about \$10.1M over the life of the bond (20 years), assuming all of it were drawn down. On an annual basis this would be about 8 cents on the Mil Rate, or approximately \$20 on an average \$250K home in Portland.

It should be noted that we plan to retire and replace \$12.9M of bonding this year, and project to add an additional \$5M on top of that. Some of the borrowing proposed here could be included in those projections, thereby reducing the impact on the budget.

Recommendation

My recommendation is to pass the \$7M bond with the stipulation that up to \$1.5M a year be drawn down for distribution (as determined by applications reviewed by the Housing Staff and authorized by the Housing Committee). This reduces the single year impact on taxpayers to no more than \$5 a year on an average home, assuming this debt is outside our annual replacement cap for infrastructure debt.

The committee may also want to consider that an average per-unit expenditure limit be placed on the funds. For instance, we could stipulate that the expectation of the allocation of these funds is that they will garner a return of one unit for every \$10,000 spent. That will ensure a minimum of 700 units being produced, thereby ensuring that the funds continue to be utilized in a way that maximizes the return for the taxpayers and for those in need of housing.

Conclusion

Housing is infrastructure. We need it like we need roads, parks, sidewalks, and schools. In the last few years we have authorized over \$100M in borrowing for roads, public works and schools. It is time to prioritize housing. Indeed, in many ways, without housing, none of the others will matter.

I hope the committee will move this recommendation forward as soon as possible so the funds can become available. I look forward to our deliberations and to answering any questions. Thank you.

Portland City Council Goal Setting Summary - 2017

The City Council and Mayor met on January 23, 2017 to develop a clear understanding of their key priorities and goals for 2017. It was also to develop a sense of which goals the Council and Mayor are most interested in seeing developed. While each committee and the Mayor will still work on all the goals each outlined (see below), the ranking identified the top three areas of greatest interest on each list. The top 3 goals from each list are:

Economic Development

- Eastern waterfront public infrastructure investment/increase utilization of the terminal
- Broad Band Access
- TIF financing policy

Finance

- Question on the ballot regarding elementary school renovations
- Combined tax increase no greater than 2.5%
- Develop proposal for targeted tax relief

Health & Human Services

- Pursue shelter improvements: expand zoning; improvement and new shelter
- Guidance and policy suggestions on substance abuse, opioid crisis, facilities, marijuana education, zoning, operation of the needle exchange
- Seek regional solutions: homelessness, substance abuse

Housing

- Identify opportunity to demonstrate a City partnership to leverage mixed use housing
- Implement policies to capitalize the Housing Fund (incentives for affordable housing) added at the meeting
- Pull together a current situation report on Housing Policy, availability and affordability

Mayor

- Universal All Day Pre-K
- Increase inclusionary zoning to 20%
- Earned Paid Sick Time

Nominating & Legislative

- Increase outreach to generate applications
- Establish state and federal intergovernmental relations
- "Ban the box:" examine disclosure requirements

Sustainability & Transportation

- Pedestrian crossings, stop lights, bike lanes, review existing plans, snow removal ordinance and plowing routes, transportation bonds, parking
- Parks: zoning, interactive parks
- Review Portland Climate Action Plan

Attached is a list of each committee's and the Mayor's goals.

Portland, Maine

Yes. Life's good here.

Office of the Mayor, Ethan K. Strimling

2018 Goals

1. Ensuring Educational & Lifelong Success -- Offering Universal Pre-K in Portland

The research is clear - kids who go through high-quality pre-k programs are better prepared for kindergarten than those who don't. Right now the city is only meeting 25% of our need with the current pre-k program and our lowest income kids are being the hardest hit. This proposal is to put out an advisory referenda to ask Portland residents if they are willing to pay for a high quality universal Pre-K program for every four year old in the city. (Will work with School Board on this goal)

2. A Sustainable City -- Solarize Portland

Many cities around Portland have instituted "Solarize" programs to promote solar power and help facilitate the bulk purchase of solar energy conversion. Portland should do the same, as well as switching the City's electric plan to renewable, purchasing more electric vehicles for our fleet, installing more charging stations around the city, and exempting environmental upgrades to homes from increased valuation. (Plan is to refer to Sustainability)

Already on Committee Work Plans

3. Affordable Workforce Housing - Capitalizing the Housing Trust Fund to \$10 Million

One of the Council's 2017 goals was to fully capitalize the Housing Trust Fund [Trust]. This proposal will inject \$8 million into the Trust by the end of 2019 - three million from the sale of the WEX property and \$5 million through a bond. Growing the Trust to \$10 million will leverage upwards of \$50-60 million in additional money toward our housing crisis and build upwards of 1,000 units of affordable housing over the next five years. (Finance Committee)

4. A Safe, Healthy Workforce - Earned Paid Sick Time

Currently 20,000 workers in Portland can't earn even one paid day off to care for their own medical well-being or that of their child. This proposal will ensure that every worker in Portland receives at least 6 paid days off a year to take care of health or safety issues for themselves or their family. (HHS Committee)

5. Responsible Contracting for City Contracts

Last year, the council passed a revision to our TIF policy to require that all contractors that work on a project which receives a CEA, pay their workers a livable wage with benefits. This proposal will require that the same standard apply to all city contracts with private entities, plus require that they have an apprenticeship program. (Finance Committee)

Portland City Council Committee on **Housing**

Goal/Objective: Increase access to rental and ownership housing that is safe and affordable for working and low-income families.

Safe, affordable and accessible housing remains the core objective. The 2018 Housing Committee will focus on policies that help residents match their housing needs with appropriate options over a lifetime. Success is when we have a broad array of housing choices to serve evolving individual and family housing needs.

Solid housing stock, parks and open space, quality education, proximity to jobs and entertainment are all important elements that significantly influence whether Portland can retain and sustain current residents and attract new residents of all ages, backgrounds and abilities.

2018 Committee Workplan Priorities

1. Identify an opportunity to engage the city in a public/private partnership project or projects to add rental and ownership units to our housing inventory, by leveraging policy, planning expertise, funding, zoning, public land, creating a Land Trust and /or other strategies. Towards this goal, the Committee initiated a general exploration in its February meeting of work done in other cities using surplus city property to leverage housing development through formation of a Community Land Trust (CLT). The Land Trust idea is but one of a number of strategies the Committee may explore to develop and forward to proposal to the full council.
2. Identify and recommend policy to remove barriers to Accessory Dwelling Units in residential zones – the Committee proposes to review the effectiveness of loosened ADU policy approved by the council several years ago and consider revisions or additional adjustments in tandem with the first phase of the ReCode Portland zoning rewrite.
3. Develop and recommend a Housing Advisory Board consistent with the language approved by the Council as part of the 2016 Housing security package, including housing professionals, tenant and landlord representatives, to assist the City in developing and implementing policy options to address existing and developing issues.

Other Projects highlighted for action by the Committee

Develop a proposal for a "hotel linkage fee" to fund City housing programs and recommend action to the full council.

Evaluate the condominium conversion ordinance to assess compliance with the tenant notice and relocation assistance requirements and recommend if the condominium conversion fee should be increased to fund TBRA and/or the Housing Trust Fund.

Sponsor development of a cost neutral proposal to take on administration the Portland Water District's water efficiency and repair services program and recommend action to the full council.

Notes: In addition to the 2018 items noted above, the Housing Committee will continue to serve as the lead council committee for guidance, evaluation and implementation of ongoing multi-year housing program and policy initiatives including, for example:

- The Rental Housing Safety & Inspection Program
- The Short Term Rental Registration Program
- The Inclusionary Zoning Requirements
- Revisions to Chapter 14 Land Use Code **Division 30**
- Develop framework, policy and priorities for use of the Housing Trust Fund
- Review and Recommendation of HUD funded Community Development and Home Program budget
- Sponsor review of Housing market data and policy developments and publish a 2018 addendum to the October 2017 Housing Report including an update and evaluation of policy implementation e.g. inclusionary zoning, housing safety and inspections, short term rentals, Landlord/Tenant disputes and evictions, and the impact of the Division 30 revisions. dispute housing security. This work is a continuation of the commitment made last year to establish a dashboard for annual data mining and semi-annual publication of a State of Housing Report.

SUBJECT: 2018 Housing Trust Fund Annual Plan

The Housing Trust fund is established by Section 14-489 of the City's Code of Ordinances. Section 14-489 (e) states that "the city council shall adopt a housing trust fund annual plan" and that the "housing committee of the city council or such other committee as the council shall designate shall conduct public hearings on the recommended plan and refer the matter to the council for action."

The plan establishes the priorities in which the current balance of the Housing Trust Fund will be allocated. Over the last few years, the annual plan has been deliberately broad due to the relatively small amount of available resources. With an increase in resources, it is prudent that a more detailed plan be put in place. Housing Trust Fund resources should be focused on opportunities where other funding sources do not work or are not effective. As always, the City should act prudently when deciding to invest these funds.

Staff is requesting committee approval and recommendation to the City Council of the proposed 2018 Housing Trust Fund Annual Plan.

HOUSING TRUST FUND
2018 ANNUAL PLAN

BACKGROUND

The Housing Trust fund is established by Section 14-489 of the City's Code of Ordinances. Section 14-489 (e) states that "the city council shall adopt a housing trust fund annual plan" and that the "housing committee of the city council or such other committee as the council shall designate shall conduct public hearings on the recommended plan and refer the matter to the council for action."

The Annual Plan will establish the priorities in which the current balance of the Housing Trust Fund will be allocated. The plan is in line with the 2018 City Council Goal of increasing access to rental and ownership housing that is safe and affordable for working and low-income families.

This budget is based on the current balance in the Housing Trust Fund. At this time, Housing Trust Fund revenue is generated from fees triggered by the Housing Preservation and Replacement Ordinance and fee-in-lieu contributions from the Inclusionary Zoning Ordinance, along with other funding resources under Council consideration. The balance of the Housing Trust Fund is \$913,502. While staff anticipates increases in revenue in the Housing Trust Fund as a result of the Inclusionary Zoning Ordinance and other sources being considered by the City Council, those anticipated resources are not included in the 2018 Annual Plan.

Sources and Uses of Housing Trust Fund:

DEPOSITS		EXPENDITURES	
Maine Medical Center 2002-2003	\$ 315,580	Avesta Oak Street Lofts 2011	\$ (380,585)
Sportsman's Grill 2002	\$ 40,000	Housing First Pre-Development RFP 2014	\$ (75,000)
Berlin City Auto 2009	\$ 116,000	65 Hanover St 2015	\$ (9,250)
Stop n Shop 2010	\$ 289,250	65 Munjoy St 2017	\$ (175,000)
Rockbridge/Eastland Park 2012	\$ 42,500		
Riverwalk/Ocean Gateway 2012	\$ 250,000	Total Expenditures	\$ (639,835)
118 Congress LLC April 2014	\$ 3,500		
Sale of Belfort Street 2017	\$ 86,424		
Sale of 116 Upper A Street 2017	\$ 78,527		
443 Congress Street 2017	\$ 280,000		
Previous INTEREST EARNED	\$ 51,556		
Total Deposits	\$1,553,337	BALANCE	\$ 913,502

City Ordinance requires that the Housing Trust Fund Annual Plan include a description of the programs to be funded, a budget for each program and identify how the funds will be distributed among very-low (at or below 50% of the area median income), low (at or below 80% of the area median income) and moderate income (at or below 120% of the area median income) households.

The Housing Trust Fund is a valuable tool that can assist the City in meeting the goal of providing increased availability in all segments of the housing market. While the City has other resources such as the HUD HOME and CDBG Programs, those funds are limited in amount and scope. The proposed Housing Program budget for FY 2018-2019 includes \$325,064 in HOME funding for affordable housing development, \$100,000 for housing rehabilitation and \$224,096 in CDBG housing program income for housing rehabilitation. The HOME program restricts rental housing assistance to households at or below 60% of the area median income and home ownership assistance to households at or below 80% of the area median income. The CDBG program is restricted to households at or below 80% of the area median income. City Ordinance allows the Housing Trust Fund to assist households at or below 120% of area median income.

As always, the City should act prudently when deciding to invest these funds. The Housing Trust Fund should maintain a minimum balance of \$500,000 in order to have resources to act quickly when there is an emergency, such as a need to cure a potential mortgage default that could result in loss of an affordable unit.

FUNDING PRIORITIES

The purpose of the Housing Trust Fund is the "...promotion, retention and creation of an adequate supply of housing, particularly affordable housing, for all economic groups and to limit the net loss of housing units in the City." and "To serve as a vehicle for addressing very low, low and median income housing needs..."

A 2018 priority will be to support the Portland Housing Authority in the implementation of their Strategic Vision Plan when other funding sources are not available. The Housing Authority's current priorities in that Plan are the Boyd Street and Front Street sites.

Allocation Process

Housing Trust Funds will be distributed through a competitive application process. A Notice of Funding Availability will be issued at a minimum of an annual basis to notify potential applicants that the application is available. Applications will be reviewed by an evaluation team that will include City of Portland staff. Selection criteria as well as a point system will be used for evaluating and scoring the applications.

Recommendations will be forwarded to the City Council's Housing Committee for review and approval. The Housing Committee recommendations will be forwarded to the City Council for final review and approval.

Eligible Activities

Activities eligible for funding from the Housing Trust Fund are those that promote, retain, and create an adequate supply of housing, particularly affordable housing for all economic groups, and to limit the net loss of housing units in the city. Eligible activities may include: new construction, preservation/rehabilitation of existing affordable housing, adaptive reuse, acquisition, housing first.

The Housing Trust Fund resources are also intended to promote the retention of affordable housing. Staff recommends that Housing Trust Fund resources be made available, if necessary, to exercise the City's right of first refusal in connection with potential foreclosure issues with affordable homeownership units. This is unlikely to occur in the near future but may come up as more workforce homeownership units are created through Portland's inclusionary zoning ordinance. Similarly, Housing Trust Fund resources should also be considered for aiding households that own affordable units to pay special assessments from their condominium or homeowners association in order to help maintain the unit's affordability and reduce any risk of foreclosure. It is important to allow for the consideration of using funds in these manners as foreclosure of a unit can jeopardize any affordability restrictions associated with the property.

Financing Parameters

Housing Trust Funds should be a resource of last resort.

Form of Awards: A variety of funding mechanisms will be utilized including no-interest loans, below-market loans, forgivable loans, and grants. Type of funding will be determined after review of a number of factors including amount necessary to make the project feasible, the project type, income targeting, number of affordable units, and duration of the affordability period.

Maximum Award Amount: Funding awards will be determined on a per affordable unit basis. The City contribution per unit will not exceed \$15,000. This amount may be adjusted at the discretion of the City Council.

Income Targeting

Housing Trust Fund resources should be focused on (1) opportunities where other funding sources do not work or are not effective, (2) projects designed to create housing affordable to households earning at or below 50% of the area median income, and (3) projects designed to create housing affordable to households earning 80% to 120% of the area median income.

Affordable means that the percentage of income a household is charged in rent and other housing expenses, or must pay in monthly mortgage payments (including insurance and taxes), does not exceed 30% of a household's income, or other amount established in city regulations that does not vary significantly from this amount.

Affordability Restrictions

Affordability restrictions are required. In the case of rental or cooperative units, the units must remain affordable for the life of the housing unit which is presumed to be a minimum of thirty (30) years.

Homeownership units must include resale restrictions that maintain an “equitable balance” between the interests of the owner and the City. These restrictions must be documented and recorded in the Cumberland County Registry of Deeds.

Sales must be made through an arms-length arrangement. No employee, agent, stockholder, officer, director, servant, or family member of the Owner or its Management Company, or its employees, agents, or servants thereof, related either by blood, marriage, or operation of law may qualify for a unit financed with Housing Trust Funds or receive any benefit related in any way to the administration or compliance with the conditions contained therein.

Implementing Regulations

Regulations to further specify the details of the parameters outlined in this Annual Plan, shall be developed, including, but not limited to:

1. Specific methodology for income verification; and
2. Underwriting criteria.

2018 Housing Trust Fund Application

10

Portland, Maine

Yes. Life's good here.

Planning & Urban Development Department

TO: Councilor Duson, Chair
Members of the Housing Committee

FROM: Victoria Volent, Housing Program Manager

DATED: February 23, 2018

SUBJECT: Overview of the Housing Trust Fund

Background

The City of Portland's Housing Trust Fund is established by Section 14-489 of the City's Code of Ordinances. The supports the promotion, retention, and creation of an adequate supply of housing, particularly affordable housing, for all economic groups and to limit the net loss of housing units in the City. Grants or loans are made to fund the acquisition, construction, and substantial rehabilitation of rental, cooperative, and home ownership housing that is restricted to ensure long-term affordability. The Housing Trust Fund is a much more flexible financial tool than other sources of funding available to the City. While the city has resources such as the HUD HOME and CDBG Programs, those funds are limited in amount and scope. Revenue for the Housing Trust Fund is generated from fees triggered by the City's Housing Preservation and Replacement Ordinance, and fee-in-lieu contributions from the Inclusionary Zoning Ordinance. Each fiscal year, the City Council adopts the Housing Trust Fund annual plan which describes proposed programs, funding levels, and benefitted households. The Housing Committee conducts a public hearing on the use of the funds and refers recommendations to the City Council for action. The 2017 Housing Trust Fund Annual Plan is attached for reference purposes.

Housing Trust Fund Priorities

Priorities for the expenditure of Housing Trust funds collected pursuant to the Housing Replacement Ordinance are given to the creation of new housing stock. Priorities for the expenditure of funds collected pursuant to the Inclusionary Zoning Ordinance are not specified in Section 14-489 (Housing Trust Fund). Some communities that prioritize funding requests adopt a ranking system based on a pre-established set of criteria. The Center for Community Change; the Housing Trust Fund Project issued a report titled *Opening Doors to Homes for All. The 2016 Housing Trust Fund Survey Report* (HTFSR) which noted surveyed cities that prioritize via ranking gave more points for the following projects (from highest priority to lowest priority):

lowest incomes; leverage funds; homeless; disabled persons; specific neighborhood preservation/rehab; elderly; distressed communities; developed by nonprofits; energy efficiency; weatherization/upgrades; renewable energy; water efficiency upgrades. Other communities do not prioritize but instead set aside a portion of the trust fund revenue for specific activities. Set aside of funds were given to projects targeting: 50% AMI; 30% AMI; 80% AMI; 60% AMI; 100% AMI, and projects for: homeless services and housing; permanent supportive housing; first time homebuyers; preservation of rental housing rental assistance; persons with disabilities; and energy efficiency upgrades. A third method is the “first come, first serve” in which projects are considered for funding in the order in which they are received.

Eligible Activities

Activities eligible for funding from the Housing Trust Fund are those that promote, retain, and create an adequate supply of housing, particularly affordable housing for all economic groups, and to limit the net loss of housing units in the city. This broad language allows a fluid interpretation of the ordinance to support a full variety of housing proposals that satisfy the appropriate conditions.

Some communities have retained this degree of flexibility in their ordinance while also providing a list of eligible activities. For example, listed eligible activities may include: new construction of affordable housing; preservation/rehabilitation of existing multi-family housing; housing for elderly; or permanent homeless housing. Other communities provide a list of preferred projects such as: Housing First; Rapid Rehousing; projects that leverage additional resources; or gap financing.

As currently written, Portland’s Housing Trust Fund Ordinance provides the flexibility necessary to adapt to opportunities where other sources do not work or are not effective.

Eligible Applicants

The Housing Trust Fund Ordinance does not describe eligible applicants but does identify ineligible applicants. The option is available to define the term “eligible applicants”. If inclined, a definition may include for-profit businesses, local government entities, housing authorities, nonprofit agencies, community action agencies, nonprofit corporations, and private individuals or corporations.

Financing

Form of Awards

Housing trust funds provide funding in a variety of forms including no-interest loans, below-market loans, forgivable loans, and grants. Some housing trust funds restrict financing to nonprofit developers. Others provide loans to private developers while making grants available to nonprofit developers. And others only offer grants to help reduce homelessness. Portland’s

Housing Trust Fund Ordinance disburses funds “as grants or loans” (without further interpretation).

Maximum Award Amount

The level of funding from housing trust funds is usually the minimum amount necessary to achieve the desired degree of affordability, on a case-by-case basis, and subject to funding availability. Portland’s Housing Trust Fund allows distributions in an amount “as the city council in its discretion has approved in the housing trust fund annual plan” (section 14-489 (f) 2). The lack of a steady stream of dedicated revenue into the City’s Housing Trust Fund begets prudent decisions to preserve limited funds that fluctuate year to year.

Funding awards may be limited by specific dollar amounts per project or per affordable unit. Portland has subsidized thirty housing development projects since 2000. The total City investment of \$13,826,598 created 951 units of affordable housing at an average city contribution per unit of \$14,539.01.

Current Balance

The balance of the Housing Trust Fund is \$913,501.54. The chart on the next page breaks down deposit and expenditure activity to date.

DEPOSITS		EXPENDITURES	
Maine Medical Center 2002-2003	\$315,580	Avesta Oak Street Lofts 2011	(\$380,585)
Sportsman’s Grill 2002	\$40,000	Housing First Pre-Development Grants	(\$75,000)
Berlin City Auto 2009	\$116,000	65 Munjoy Street 2017	(\$175,000)
Stop n Shop 2010	\$289,250	65 Hanover & 62 Alder Streets Feasibility Study	(\$9,250)
Rockbridge/Eastland Park 2012	\$42,500	Total Expenditures	(\$639,835)
Riverwalk/Eastland Park 2012	\$250,000		
118 Congress LLC 2014	\$3,500		
Interest earned	\$51,555.81		
91 & 97 Belfort St sale 2017	\$86,423.99		
116 Upper A St., Peaks Island sale 2017	\$78,526.74		
443 Congress St. fee-in-lieu (IZ) 2017	\$280,000		
Total Deposits	\$1,553,336.54	Balance	\$913,501.54

As noted in the above chart, projects funded with Housing Trust Funds include the Avesta Oak Street Loft project which produced 37 efficiency units of rental housing affordable at 60% of the area median income (AMI) and below (including four units at 40% of AMI); 65 Munjoy Street which produced eight condominium units available for sale to households earning at or below

120% of AMI; Avesta's Huston Commons which produced 30 efficiency Housing First units; and Community Housing of Maine purchased a property on St. John Street which produced four Housing First units.

Summary

The Housing Trust Fund is a valuable tool that can assist the City in meeting the goal of providing affordable housing for all economic groups. The benefit and advantage of the Housing Trust Fund is the local control of the funding process structured to address particular opportunities and priority housing needs. The program as designed allows for spending discretion, flexibility, and adaptive uses. The program does not restrict funding awards, determine grant or award eligibility, or provide detailed preferences or priorities. The Housing Trust Fund also does not provide a stable and steady source of funding for affordable housing due to the lack of a dedicated funding source. The absence of a dependable source of funding raises genuine concerns of uncertainty when addressing an issue that affects the entire community.

Prior to establishing the 2018 Housing Trust Fund Annual Plan, staff recommends incorporating the City Council's 2018 Goals when established, along with a review of the Housing Trust Fund administration, program parameters, and revenue source in order to design a plan that will ensure the promotion, retention, and creation of an adequate supply of housing, particularly affordable housing, for all economic groups and to limit the net loss of housing units in the City. The topics introduced in this memo, priorities, eligible activities, eligible applicants, types of financing, maximum award amounts are introduced as a starting point for future Committee consideration.

The Future of Homeless Services in Portland

...

September 8, 2018

Why are we here? Root causes of homelessness

1 Lack of affordable housing • There is a lack of affordable housing options in Portland and the Greater Portland area. • Several Housing 1st projects have helped, as well as Avesta developments.	2 Untreated behavioral health issues • Mental illness and lack of needed services • Substance abuse and lack of treatment services.	3 Unemployment & poverty • Our HIRE and Opportunity Crew programs work with individuals to help them attain the necessary skills needed to regain employment and ultimately housing.

Sebago		1.10	\$182,250	\$56,333	\$51,188	\$200,570
Standish		1.10	\$232,000	\$71,561	\$64,904	\$255,796
Baldwin		1.16	\$175,000	\$57,172	\$49,331	\$202,816

The Homeownership Affordability Index is the ratio of Home Price Affordable at Median Income to Median Home Price. An index of less than 1 means the area is generally unaffordable - i.e., a household earning area median income could not cover the payment on a median priced home (30 year mortgage, taxes and insurance) using no more than 28% of gross income.

Cumberland		1.80	\$933	\$67,240	\$37,316	\$1,681

The Rental Affordability Index is the ratio of 2-Bedroom Rent Affordable at Median Renter Income to Average 2-Bedroom Rent. An index of less than 1 means the area is generally unaffordable – i.e., a renter household earning area median renter income could not cover the cost of an average 2-bedroom apartment (including utilities) using no more than 30% of gross income.

Ethan,

The chart below indicates that our last seven Portland affordable housing developments cost \$57,972,673. Portland's contribution (from a variety of sources) was \$4,939,851 or 9% of the total. So....Portland's \$4,939,851 was combined with (leveraged?) \$53,032,822 of non-Portland funds. For every \$1.00 of Portland funds we had \$11.74 of non-Portland funds.

The average Portland housing unit costs \$191,962 and Portland's average contribution was \$16,357. At these rates \$7,000,000 of city funds could support the creation of 428 units.

Dana

Ethan, our numbers are below, we also included Bayside Anchor, so if you're totaling Avesta and PHA numbers don't count it twice. The City has provided 10% for the funds for our projects. For every \$1.00 of Portland funds it helped generate \$9.77 of non-Portland funds. Hope this is helpful, good luck on Thursday.

Thanks, Mark A.

MEMORANDUM

TO: Members of the Finance Committee

FROM: Brendan T. O'Connell - Finance Director

CC: Jon P. Jennings - City Manager

DATE: September 28, 2018

SUBJECT: **Cost Analysis - \$7M Housing Trust Bond**

During the October 4, 2018 meeting of the City of Portland Finance Committee Mayor Strimling will be presenting a proposal for a \$7M bond authorization. The proposal includes appropriation of these funds to capitalize the City of Portland Housing Trust Fund. The Committee requested a cost analysis of the proposal be presented at the meeting.

Assuming these bond were issued in full with a 20 year term with level principal repayments at a 4.25% interest rate, the annual debt service in the first year of bond repayment would be approximately \$647,500. This additional debt service expense in the City budget would add approximately 8 cents to the mil rate (an increase of 0.4%). Debt service related to the bonds would be included in the City budget for 20 consecutive fiscal years. The impact would decrease slightly each fiscal year as the bonds were repaid (interest each year would be based on a lower outstanding principal amount) and debt service would slowly decrease down to an estimated \$364,875 by the final year of the bonds. Total estimated debt service on the \$7M of debt over the life of the bonds would total approximately \$10.1M.

A complete estimated debt service schedule is available on Page 2 of this document.

Subject: affordable housing bond and CIP questions

To: Ethan Strimling <estrimling>

Cc: Danielle West-Chuhta <dwchuhta>

Mr. Mayor - It was nice to talk with you yesterday. To follow up, I have done some additional looking and my opinion remains the same. If there is a desire to fund affordable housing projects in Portland, there are likely a couple of ways that can be done.

First, if Jim Saffian has indicated that funding the Affordable Housing fund is an appropriate bond item, then I certainly defer to his determination on that. My understanding is that, under that approach, there would be a separate bond taken out for the specific and limited purpose of funding the Affordable Housing fund and/or funding grants to private property owners to support those developments.

Alternatively, if the City wants to appropriate monies from the General Fund for that same purpose, that seems doable to me. However, as we discussed, and as I've confirmed after further research, use of the City's capital improvement monies is not appropriate.

The term "capital improvement" is a defined term of art. Under multiple dictionary definitions, it is specific to real property or fixed physical facilities and assets and improvements to those. In Maine, according to GPCOG, a "capital improvement" is "a major project *acquisition* or *construction* that requires expenditure of funds from sources other than normal operating expenses. Capital improvements usually: are relatively expensive, don't recur annually, last a long time, and **result in fixed assets (of the municipality, not a private property owner)**. **If you check out this guide, particularly pages 3-4, you'll see the kinds of facilities that constitute capital facilities.** https://www.maine.gov/dacf/municipalplanning/docs/DevelopingCIP_GPCOG.pdf

In Portland, as in most Maine communities, we have put together a list of those City-owned facilities together with a 5-year plan for maintenance, improvement, and acquisition. That plan is necessarily limited to City-owned facilities and does not contain property owned by private parties. That is the purpose and the focus of a capital improvement budget. That budget simply cannot be used to fund initiatives other than those that involve City-owned assets or facilities. So, grants or other funding of **private property** interests would be a mis-use of capital improvement monies. Importantly, though, you'll see that the State of Maine in the rules relating to Maine State Housing Authority has contemplated both separate bonding and appropriations from State general fund monies for a very similar purpose **in the attached**. So, the options both Danielle and I have outlined seem consistent with how the State has approached this issue as well.

So, my recommendation, again, is that the Committee consider either of those two options if it has an interest in moving in that direction.

I hope this helps. Please do let me know if there are further questions or concerns.

GRE

*Prepared by the
Greater Portland Council of Governments*

DEVELOPING A CAPITAL IMPROVEMENTS PROGRAM

Advances scheduling of construction permits engineering design to be carried out on an orderly basis. Work forecasting allows equipment to be scheduled to eliminate conflicting demands. A CIP may show that the acquisition of special equipment can be justified because it can be put to continuous use on several projects in sequence. Programming of projects may also allow a smaller staff to carry out the projects because the work load is equally scheduled over a longer period, instead of intermittent rush periods followed by slack time.

* *To Improve Basis for Intergovernmental Cooperation -*

A CIP informs local governments of one another's intentions. Too frequently, needed public facilities are constructed without consideration of the service programs of other governments. For example, knowing about an adjoining town's plans for a new fire station might lead to a consideration to share fire protection services rather than build two fire stations in close proximity. Taxpayers may be inclined to vote down seemingly uncoordinated bond issues.

WHAT

Is a Capital Improvement?

A capital improvement is a major project acquisition and/or construction that requires expenditure of funds from sources other than normal operating expenses. Capital improvements usually:

- are relatively expensive (for example, an acquisition cost of \$5,000 or more).
- don't recur annually.
- last a long time (for example, at least 3 years).
- result in fixed assets.

DEVELOPING A CAPITAL IMPROVEMENTS PROGRAM

EXAMPLES OF CAPITAL PROJECTS

- New and expanded physical facilities for the town which are relatively large and expensive.
- Large scale rehabilitation or replacement of existing facilities.
- Major pieces of equipment which are expensive and have a relatively long period of usefulness.
- Purchase of equipment for any public improvements when first erected or acquired.
- The cost of engineering or architectural studies and services relative to a public improvement.
- The acquisition of land for a community facility such as a park, street, sewer line, etc.

Capital facilities and equipment range from A to Z. Examples of capital facilities and improvements found in a town are listed below.

Airport
Cemeteries
Community Buildings
Computer
Fire Engine
Firehouse
Library
Parks
Playgrounds
Police Stations
School Buildings
Sewer Lines
Sidewalks
Streets & Curbs
Street Lights
Storm Drains
Swimming Pools
Town Hall
Treatment Plants
Waste Disposal Sites
Water Lines
Zoo

346 MAINE STATE HOUSING AUTHORITY

CHAPTER 21 Land Acquisition/Improvement and Housing Opportunity Zones Programs

Summary: The Affordable Housing Partnership Act of 1989 establishes programs for land acquisition and assistance to municipalities and nonprofit housing corporations to be administered by the Maine State Housing Authority. This rule establishes the procedures and selection criteria for the use of funds to finance the acquisition and improvement of land to be used in the development of affordable housing and the designation of housing opportunity zones.

1. Definitions

A. "Act" means the Affordable Housing Partnership Act, 30-A M.R.S.A. §5001 et seq., as amended.

B. "Affordable housing" means decent, safe and sanitary dwellings, apartments or other living accommodations for low-income and moderate-income households including:

1. Government-assisted housing;
2. Manufactured housing;
3. Multifamily housing; and
4. Group and foster care facilities.

C. "Authority" means the Maine State Housing Authority.

D. "Homeless" means a person or family that lacks, or is in imminent danger of losing legal access to, a fixed, regular and adequate nighttime residence or a person or family that has a primary nighttime residence that is:

1. A supervised publicly or privately operated shelter designed to provide temporary living accommodations;
2. An institution that provides a temporary residence for individuals intended to be institutionalized; or
3. A public or private place not designed for, or ordinarily used as, a regular sleeping accommodation for human beings.

E. "Homestead land trust" means a nonprofit housing corporation that is organized to hold in trust land and interests in land for affordable housing and leases land or interests in land to lower income households for affordable housing.

F. "Land trust" means land or interests in land, the title of which is held by a nonprofit housing corporation or a municipality to provide affordable housing for Maine citizens.

G. "Low income household" means a low-income or very low-income household as defined by the United States Department of Housing and Urban Development under the United States Housing Act of 1937, as amended.

H. "Minor capital improvements" means any site preparations or other capital improvements made to land to facilitate its use for housing, not including the actual construction of the housing units.

I. "Moderate income household" means a household with a gross income not exceeding 120% of the median income of the county or metropolitan statistical area in which the household is located.

J. "Municipal housing alliance" means a committee formed on behalf of a municipality with broad based citizen representation whose purpose is to develop and implement a housing agenda for the municipality.

K. "Nonprofit housing corporation" means a nonprofit corporation organized in the State of Maine under Title 13-B of the Maine Revised Statutes which qualifies for tax exemption under the Section 501(c) of the Internal Revenue Code of 1986, as amended, and which has as one of its corporate purposes the construction, rehabilitation, ownership or operation of housing.

2. Maine Affordable Housing Land Trust Fund

There is created and established under the jurisdiction of the Authority the Maine Affordable Housing Land Trust Fund. The Fund shall be a revolving fund with all money in the Fund being continuously applied to carry out the purposes of the Fund. There shall be paid into the Fund:

A. All money appropriated from the General Fund for inclusion in the Fund.

B. All proceeds from the issuance of bonds on behalf of the State for inclusion in the Fund.

- C. All interest, dividends and pecuniary gains from investment of money of the Fund.
- D. All proceeds from the sale of land purchased with money from the Fund.
- E. Any other money available to the Authority and directed by the Authority to be paid into the Fund.

The Authority shall apply money in the Fund for grants, low-interest loans or no-interest loans to nonprofit housing corporations to finance the acquisition of land or interests in land in accordance with Chapter 202, subchapter IV and Chapter 201, subchapters III-A and XI of the Maine Revised Statutes and to finance minor capital improvements on acquired lands.

3. Municipal Land Acquisition Revolving Fund

There is created and established under the jurisdiction of the Authority the Municipal Land Acquisition Revolving Fund. The Fund shall be a revolving fund with all money in the Fund being continuously applied to carry out its purposes. There shall be paid into the Fund:

- A. All money appropriated from the General Fund for inclusion in the Fund.
- B. All proceeds from the issuance of bonds on behalf of the State for inclusion in the Fund.
- C. All interest, dividends and pecuniary gains from investment of money of the Fund.
- D. Any other money available to the Authority and directed by the Authority to be paid into the Fund.

The Authority shall apply money in the Fund for loans to municipalities to finance the acquisition of land or interests in land and to finance minor capital improvements on acquired lands in accordance with Chapter 202, subchapter IV of the Maine Revised Statutes.

4. Municipal Revolving Loan Fund

There is created and established under the jurisdiction of the Authority the Municipal Revolving Loan Fund. The Fund shall be a revolving fund with all money in the Fund being continuously applied to carry out its purposes. There shall be paid into the Fund:

- A. All money appropriated from the General Fund for inclusion in the Fund.
- B. All proceeds from the issuance of bonds on behalf of the State for inclusion in the Fund.
- C. All interest, dividends and pecuniary gains from investment of money of the Fund.
- D. Any other money available to the Authority and directed by the Authority to be paid into the Fund.

The Authority shall apply money in the Fund for loans and grants to municipalities to finance capital and public service infrastructure improvements necessary for the development of affordable housing in accordance with Chapter 202, subchapter II of the Maine Revised Statutes.

5. Purposes of the Land Acquisition/Improvement and Housing Opportunity Zones Programs

- A. The purpose of the municipal and nonprofit housing corporation Land Acquisition Programs is to provide money and other resources to municipalities and nonprofit housing corporations to acquire or preserve land for affordable housing. Funds available under this program shall be used to acquire or preserve land for affordable housing for the homeless and lower and moderate-income households and to make minor capital improvements to land acquired under the programs.
- B. The purpose of the municipal Land Improvement Program is to finance improvements to land such as public service infrastructure improvements necessary for the development of affordable housing.
- C. The purpose of the Housing Opportunity Zones Program is to designate up to four demonstration zones as a means of determining the effectiveness of zones as a tool for stimulating residential revitalization in deteriorating neighborhoods.
- D. Assistance to nonprofit housing corporations provided by the Authority under this program may be in the form of grants, low-interest loans or no-interest loans. Assistance to municipalities provided by the Authority under this program

shall be in the form of low-interest loans for land acquisition and loans or grants for capital improvements to land. With regard to preservation of land for affordable housing, the Authority, nonprofit housing corporations and municipalities may use deed restrictions, trust agreements and any other type of agreement designed to maintain land for affordable housing.

6. Eligible Applicants

To be eligible to receive assistance made available by the Authority under these programs, an applicant must:

- A. Develop a plan with long-term and short-term goals for developing and providing low-income housing in the region that the applicant serves.
- B. Inventory housing programs and agencies in the area served by the applicant, including resources for the homeless.
- C. Prepare a plan for the coordination of housing programs, services and resources in the area served by the applicant specifically for each project funding request.
- D. Prepare information for each project funding request, as requested by the Authority, which shall include:
 - 1. The number and development costs of units to be developed;
 - 2. The cost of each unit to the buyer or renter;
 - 3. The size of each housing unit;
 - 4. The availability and cost of existing housing in the area; and
 - 5. Household income in the area served by the proposed project.
- E. Agree to report annually to the Authority with respect to the activities, accomplishments and problems of the applicant throughout the period of low-income affordability of the project.
- F. Agree to comply with the rules of the Authority including record-keeping and accounting, reporting, and reserve funding.
- G. Agree to publish a detailed annual report of its activities, including income and expenditures for the most recent fiscal year completed, throughout the period

of low-income affordability of the project, and contract for an independent annual audit of its books and records as required by the Authority.

H. In the case of municipalities, have created a municipal housing alliance.

7. Forms of Assistance

Subject to the availability of funds, the Authority shall provide assistance under the Land Acquisition/Improvement Programs as follows:

A. Predevelopment loans for nonprofit housing corporations to cover mortgageable predevelopment costs directly related to the acquisition of the land. Predevelopment loans shall be unsecured and may be forgiven if the proposed project does not proceed for reasons which, in the opinion of the Authority, are beyond the control of the developer. The maximum term of predevelopment loans shall be thirty months and the maximum loan amount shall be \$2,500 per proposed housing unit or \$40,000 per applicant, whichever is less. The interest rate on predevelopment loans shall be 0%. Repayment shall be deferred until acquisition loan closing.

B. Mortgage financing for nonprofit housing corporations and municipalities for the acquisition of land for affordable housing and to make minor capital improvements to land acquired under the Program. Acquisition and improvement financing shall be secured by a Mortgage and Security Agreement at least through the completion of the project, which Mortgage and Security Agreement may be subordinated to additional debt financing at the discretion of the Authority. The long-term affordability of the housing units created will be assured either through the Mortgage and Security Agreement or through restrictive covenants recorded in the appropriate Registry of Deeds which shall require repayment in full if the low-income benefit is not maintained. The maximum acquisition and improvement loan amount shall be the appraised value of the land and improvements or \$250,000 per application, whichever is less. The interest rate on acquisition and improvement loans shall be 3% per annum or such lower rate determined by the Authority based on the financial feasibility of the project. Repayment shall be deferred as necessary to accomplish the low-income goals of the project. Prepayment may be prohibited or subject to penalties.

C. Loans or grants for municipalities for improvements to land, including necessary public service infrastructure, for the development of affordable housing. Mortgage financing shall be evidenced by a general obligation promissory note from the municipality and may be secured by a Mortgage and Security Agreement at least through the completion of the project, which Mortgage and Security Agreement may be subordinated to additional debt

financing at the discretion of the Authority. The long-term affordability of the housing units created will be assured either through a Mortgage and Security Agreement or through restrictive covenants recorded in the appropriate Registry of Deeds which shall require repayment in full if the low-income benefit is not maintained. The maximum amount of infrastructure and improvement financing per project shall be \$400,000. The interest rate on improvement and infrastructure loans shall be 3% per annum or such lower rate determined by the Authority based on the financial feasibility of the project. Repayment shall be deferred as necessary to accomplish the low-income goals of the project. Prepayment may be prohibited or subject to penalties.

D. Technical assistance to aid non-profit housing corporations in meeting the eligibility and threshold planning and development requirements of this program will be provided through the Authority's Office of Nonprofit Housing.

8. Application Process

A. Applications seeking financing for eligible initiatives will be accepted on an on-going basis. Completed applications for predevelopment loans will be reviewed for selection on an on-going basis, subject to the availability of funds. Completed applications for land acquisition financing and land improvement financing will be reviewed for selection on a calendar quarterly basis, subject to the availability of funds. The Authority may elect to make minor changes in these selection review dates based on scheduling conflicts and program activity. Unsuccessful applications may be carried forward to a future quarterly selection period.

B. Applications for predevelopment loans shall be on such form provided by the Authority and shall contain the following:

1. Evidence satisfactory to the Authority that the applicant has satisfied the eligibility requirements of Section 6.

2. Identification of the site or sites to be evaluated for acquisition, including preliminary site description, plot plan, zoning designation, topographical map and description of adjoining properties.

3. A predevelopment workplan and budget which identifies the activities necessary to secure site control and site plan approval, including all applicable state and local permits and approvals required prior to proceeding to construction and the projected timetable for the completion of this predevelopment activity.

4. Projected sales price information for the property or properties under consideration.

5. Identification of the development team, including professional service providers whose services will be funded with the predevelopment loan, and their experience and qualifications.

6. Description of the mechanism to be used to assure long-term affordability of the housing.

7. Such additional or follow-up information the Authority deems necessary in order to process an application.

C. Applications for land acquisition financing and land improvement financing shall be on such form provided by the Authority and shall contain the following:

1. Evidence satisfactory to the Authority that the applicant has satisfied the eligibility requirements of Section 6.

2. Evidence of satisfactory site control.

3. Evidence of site plan approval and all applicable state and local permits and approvals required to proceed to construction having been obtained.

4. Evidence of preliminary construction and permanent loan commitments or identification of a source of construction and permanent financing.

5. Market appraisal, in form satisfactory to the Authority, which supports the anticipated purchase price.

6. Project source and use statement, operating pro forma and cash flow statement for the project.

7. Project management plan/timetable.

8. Marketing plan for the project.

9. Description of the mechanism to be used to assure long-term affordability of the housing.

10. In the case of municipal applicants, evidence of satisfactory matching resources.

11. Such additional or follow-up information the Authority deems necessary in order to process an application.

D. The Authority reserves the right to set aside monies in the various funds created hereunder for financing particular types of projects, such as single-family subdivisions, rental housing projects or manufactured housing parks and to finance particular types of project sponsors, such as homestead land trusts. These set-asides may be established at any time and targeted to particular types of sponsors, housing types, geographic or market areas, etc., either through a specific request for proposals or, upon reasonable notice, with a regular quarterly funding cycle.

9. Selection Priorities

Selection of applicants for assistance shall be based on the following affordable housing goals/priorities:

A. Increasing the level of activity of municipal housing alliances to address the affordable housing crisis.

B. Providing a balance of homeownership and rental housing opportunities which are suitable and accessible to low and moderate income residents of the State.

C. Stimulating the leverage of local, state and federal resources, including self-help and volunteer efforts, for the creation of affordable housing.

D. Maximizing the long-term affordability of housing financed under the program.

E. Building the housing capacity of municipalities and nonprofit housing corporations.

F. Recycling and continued use of the monies in the various funds created hereunder.

10. Selection Criteria

A. The Authority shall select projects for financing after consideration of the following criteria:

1. The extent of the affordable housing crisis in the municipality or area in which the land will be acquired, improved or preserved for affordable housing.

2. The degree of impact that the grant or loan will have on the affordable housing problem.

3. The size of the lower income population in the area to be served.

4. The demonstrated interest and the ability of the applicant to address the affordable housing crisis.

5. The degree to which the grant or loan will serve very low-income households.

6. The degree to which the grant or loan will increase the economic activity of the eventual residents of the housing.

7. For nonprofit housing corporation applicants, the degree to which it provides for significant representation on its board of directors for both residents and community residents.

8. The degree to which the project will have significant self-help or volunteer labor in the development of the housing.

9. The degree to which the grants and loans will assure the long-term affordability of the housing by use of a homestead land trust or other technique.

10. The readiness of the project to proceed to construction and occupancy.

11. The relative cost-effectiveness of the proposed project, including the amount of subsidy per affordable housing unit, the per unit development cost, the net housing cost to the ultimate residents of the project compared to the average housing costs in the area, the proportion of program subsidy which is passed directly to the ultimate residents of the project in the form of reduced housing costs and the anticipated duration of the housing benefit contributing to long-term affordability.

12. The level of financing which will be recycled to the Authority for continued program activities hereunder.

11. Housing Opportunity Zones

A. The Authority may establish up to four demonstration housing opportunity zones, each comprised of a different municipality or portion of a municipality. These demonstration zones shall serve as a means of determining the effectiveness of zones as a tool for stimulating residential revitalization in deteriorating neighborhoods. There is created and established under the jurisdiction of the Authority the Housing Opportunity Zones Fund. The Fund shall be a revolving fund with all money in the Fund being continuously applied to carry out the purposes of the Fund. There shall be paid into the Fund:

1. All money appropriated from the General Fund for inclusion in the Fund.
2. All proceeds from the issuance of bonds on behalf of the State for inclusion in the Fund.
3. All interest, dividends and pecuniary gains from investment of money of the Fund.
4. Any other money available to the Authority and directed by the Authority to be paid into the Fund.

The Authority shall apply money in the Fund for direct financial assistance to municipalities selected as housing opportunity zones in the form of loans and grants in accordance with Chapter 202, subchapter VI of the Maine Revised Statutes.

B. The Authority shall select housing opportunity zones based on the selection priorities and criteria set forth in Sections 9 and 10, above, and the following:

1. The zones must be located in urban areas experiencing significant deterioration in residential neighborhoods.
2. All areas wishing to be designated as zones must demonstrate actual or potential local capacity for residential revitalization and the willingness to cooperate with the Authority.
3. The level of general assistance by the State and the municipality, as well as the level of federal assistance to persons in these areas, shall be considered.
4. The level of crime problem in the area requesting designation will be considered.

5. All municipalities requesting zone designation for areas within the municipality must have a municipal housing alliance which shall help develop a plan of action to revitalize deteriorating residential dwellings and neighborhoods. The plan shall address the major problems of these deteriorating areas, including a law enforcement component to significantly reduce crime in these areas and shall specify the type, amount and priority of assistance being requested in the categories set forth in subsection C, below.

Applications for designation of housing opportunity zones shall not be accepted on an on-going basis. Processing of applications shall be done periodically on a direct solicitation basis until up to four zones have been designated.

C. Subject to the availability of funds, the Authority may provide direct financial assistance to municipalities with designated housing opportunity zones in the form of loans and grants for the following:

1. Restoration of residential dwelling units.
2. Shelters for the homeless.
3. Removal of structures which are beyond rehabilitation.
4. Creation of recreational and park areas.

5. Such other types of assistance which the Authority determines are eligible under both the provisions of the Act and the restrictions on the available sources of funds.

Direct financial assistance shall be provided under the processing guidelines set forth in Section 8, above, and based on the selection priorities and criteria set forth in Sections 9 and 10, above.

12. Additional Requirements

A. Any provision of applicable Federal or Maine law, including without limitation, the Act and the Maine Housing Authorities Act, shall take precedence over this rule in the event of any inconsistency.

B. This rule does not preclude such additional or alternative requirements as may be necessary to comply with the Act or the Maine Housing Authorities Act.

C. This rule establishes a pool of eligible applicants but does not preclude additional reasonable criteria and does not confer any automatic right or entitlement to credit on any person or entity eligible hereunder.

D. The Director of the Authority, individually or by exercise of the delegation powers contained in the Act, shall make all decisions and take all action necessary to implement this rule. Such action of the Director shall constitute final agency action.

FISCAL IMPACT NOTE: The proposed rule will not impose any direct required cost on municipalities or counties for implementation or compliance. Municipalities are eligible applicants under the programs established hereunder and they may incur costs as a result of applying for financing and developing projects under these programs. Most of these costs would be development costs eligible for financing under the programs. Participation in these programs is voluntary and municipalities would be aware of the potential costs before proceeding.

BASIS STATEMENT: The rule sets forth the criteria and procedures for the awarding of grants and loans to nonprofit housing corporations for the acquisition or preservation of land for affordable housing. A public hearing was held on June 12, 1990 at which twelve people testified. In addition, the Authority received one written comment during the comment period. A summary of these comments and the Authority's responses follows.

Numerous comments were made on the need for technical assistance. The Authority is well aware of this need. Section 5, subsection C. has been added in response to these comments.

One comment raised a concern about the order of priority of the selection criteria set forth in Section 8. These criteria are not set forth in any particular order and are not given any specific weight based on the order in which they appear. They are general criteria which will be applied equally. Another comment recommended adding housing quality standards to the criteria set forth in Section 8. The Authority feels this concept is embodied in Section 8, subsection A(11).

Another comment recommended that sweat equity and volunteer efforts be considered when measuring a project's leveraging of other resources. The selection criteria in Section 8 already recognizes these items, but language has been added to the selection priorities set forth in Section 7 to make this a consistent approach.

A number of comments raised concern with the comprehensive nature of the threshold application requirements set forth in Section 6, subsection C. These requirements apply only to the land acquisition loans, not the predevelopment funds. The latter funds are designed to assist the applicants in obtaining local approvals, etc. so that land actually financed through the program is assured of moving forward to the creation of affordable housing. Allowing for the

acquisition loans without these approvals would heighten the risk of purchasing land which is not suitable for housing development which would frustrate the program's purpose. Language has been added to allow identification of financing sources in lieu of binding commitments. Another comment questioned the threshold application requirements for predevelopment loans set forth in Section 6, subsection B. In order to screen applicants for predevelopment loans, the Authority must be able to review the scope of what the applicant is proposing to accomplish. The Authority feels that the application requirements are the minimum necessary in order to have the information available on which to base selection decisions

A question was raised concerning the definition of homeless. This definition is taken directly from the Act and cannot be changed. However, the Authority does not interpret the reference to nighttime residence in such a way as to penalize people who worked at night.

A recommendation was made that applicants be required to prepare and submit a financial plan in order to be eligible for funds. The applicant eligibility requirements set forth in Section 4 include threshold strategic planning and organizational development requirements, including preparation of a financial plan for the organization and the project to be financed.

One comment pointed out the lack of reliable data available to satisfy Section 4, subsection D(4) and suggested that a minimum standard be established. It is precisely because available data varies significantly that no format or approach is being dictated at this time. The Authority has a significant amount of data now and will be accumulating more as the Municipal Growth Management Plan process continues. All of this data will be made available to potential applicants and technical assistance will be provided.

Questions were posed regarding the length and scope of the reporting requirements referenced in Section 4, subsections E-G. Clarifying language has been added to establish the term of these requirements. As for the need for a formal annual report versus audited financials, the combination of subsections E and G would require something more than just financial information but the intent is not to require expensive, formal reports. Subsection F refers to Authority procedures on a number of items, not just accounting practices. Obviously, the Authority does follow generally accepted accounting principals and would impose no different standard here. The term "publish" in subsection G simply means to produce and distribute. The distinction between the reports required in subsection E and G is that the former is a project-specific report while the latter is a general report of the applicant's overall activities.

One comment recommended a number of changes be made to shift the emphasis of the program away from perpetual or long-term affordability of the housing created. The emphasis on the long-term affordability of the housing and the underlying standard that the longer the low-income benefit the better is clearly stated in the statute and the purposes of the program. Being faced with the problems inherent in programs where the subsidies "purchase" only a short-term low-income benefit and the added costs resulting from having to "repurchase" that benefit the Authority sees no public purpose in moving away from long-term affordability.

A suggestion was made that the monies in the land acquisition trust fund be used to insure or guarantee loans obtained from other sources in order to stretch the impact. This use of the funds was not contemplated by the Act establishing the trust fund nor the bond issue which supplied the current funding of the trust. It is an additional purpose or use of the trust fund that the Authority may explore for future expansion of the program. Another comment suggested that funding be given to cover the applicant's long-term administrative costs of managing or operating the project. Again, this is not contemplated by the Act or the bond issue. Applicants must recognize the on-going cashflow requirements of proposed projects and build this into the project's overall financial plan.

A question was raised on the scope of the management plan requirement set forth in Section 6, subsection C(7). The Authority interprets this requirement to encompass both the oversight of the project during the development stage and the on-going management of the completed project.

A recommendation was made to include the concept of social diversity in the selection criteria. This was explained to mean diversity in the types of housing produced. The program already provides for substantial local discretion in the design and development of housing which is suitable to the meet local housing needs and objectives. The need for, and approach to, achieving social and economic integration is best achieved through significant local participation which is clearly encouraged in the program.

One comment suggested that if predevelopment funds and acquisition loans are provided from the bond issue monies rather than other funds available to the Authority, deferments and grants should be used only as a last resort. Obviously, the Authority shares the concern on the expenditure of public resources and will make every attempt to maximize the public benefit of every dollar spent. However, the Authority realizes that there is risk in real estate development and not every project attempted will be completed. To the extent that the bond issue monies are authorized to be used for predevelopment expenses associated with the land acquisition they will be so utilized. Other expenses will be paid for from other available funds. Forgivable loans and grants will only be used where they are needed to accomplish a significant low-income benefit. Clearly, the predevelopment funds present the highest degree of risk since there is no land acquired at this stage with which to secure the funds. These loans can only be obtained after significant project planning and are limited to a maximum of \$40,000.

Another comment proposed increasing the caps on both the predevelopment loans and the acquisition loans. Given the limited amount of funds available and the fact that this program has not been tested yet, the Authority believes the current caps are justified in order to stretch the resources as far as possible. The Authority believes the limits are high enough on both to achieve the goals of the Program.

A question was raised on the definition of minor capital improvements. This definition is from the Act and is somewhat vague. Obviously, it does not include the actual construction of the housing units. The Authority will interpret this definition as generously as it can under the statute to use the funds for minor site improvements to the full extent contemplated by the Act.

One comment questioned the eligibility of land banking, or acquiring land to hold for later development. While this is an eligible use of the funds, the selection priorities and criteria in the Act and the rule are structured to give significant priority to those projects which will produce affordable housing now. The housing shortage is significant and the resources in the trust fund are small so the Authority feels the emphasis on current production over land banking is justified.

Section 6, subsection D provides that the Authority may establish set-asides for certain program purposes. One comment suggested that if this was going to be done it should be done in the rule now. The trust fund established in the Act is on-going. The availability of funds, however, will vary. The Authority does not want to establish rigid percentage standards for set-asides. The preference is to budget for these set-asides in response to changing market conditions and the availability of funds.

STATUTORY AUTHORITY: 30-A MRSA §5031 et seq. and 30-A MRSA §4741(1)

EFFECTIVE DATE: July 4, 1990

BASIS STATEMENT: Recent emergency legislation amended the Affordable Housing Partnership act of 1989 to abolish the Affordable Housing Alliance and shift administrative responsibility for all of the programs established in the Act to the Authority. The rule is being amended to expand its focus to cover the addition of municipal applicants for land acquisition loans and for infrastructure improvement loans and for the designation of housing opportunity zones. The Authority finds that delay in adopting these amendments will delay pending actions under the programs and frustrate the purposes of the Act. The Authority finds that emergency adoption of these amendments is necessary to avoid an immediate threat to public health, safety and the general welfare of the people of the State.

STATUTORY AUTHORITY: 30-A MRSA §§4741(1) and 5001 et seq., PL 1991, c. 610

EFFECTIVE DATE: August 20, 1991

BASIS STATEMENT: The amendments previously adopted by emergency were put out for public comment for permanent adoption. Seven written comments were received during the initial comment period. Six of these comments wanted clarification on the separation of the Funds and the programs and requested a public hearing on the proposed amendments. A public hearing was held and the comment period was extended. Two people testified at the hearing and

three additional written comments were received. A summary of the comments and the Authority's response follows.

In response to the numerous comments regarding the separation of the programs and the segregation of Funds established hereunder, a number of minor clarifying amendments and modifications have been made. The trust funds established hereunder are separate funds each with their own authorized sources and uses and each with their own eligible applicants. This separation has been reinforced by the added language. Language has also been added to Section 7, subsections B and C, regarding loan security and interest rates to reflect needed program flexibility.

The remaining comments dealt with the Housing Opportunity Zones (HOZ) program. The first comment sought clarification as to whether financial assistance provided to municipalities with designated zones would have to be repaid by the municipality. Section 11, subsections A and C, state that funds held for this program may be made available for direct financial assistance in the form of loans or grants. Obviously, the distinction is that loans have to be repaid and grants do not. The selection priorities and criteria set forth in Sections 9 and 10, which have been incorporated into Section 11 to govern the assistance component of the HOZ program, clearly favor applications for loans over grants since the funds will be recycled for further housing purposes.

The rest of the comments sought clarification on the categories of expenditures which will be eligible for funding with financing provided under the HOZ program. The Act lists the types of financial assistance which are eligible under this program. The legislation authorizing the bond issue a portion of the proceeds of which are intended to finance this program set forth the four general categories of assistance listed in Section 11 as the only types of assistance which the proceeds can finance. These are simply categories of eligible assistance. It would be impossible to list every individual expense which the program can finance. Many of the specific items raised in the comments will fit under the general categories, some may not. Language has been added to Section 11, subsection C, to clarify that the Authority does not intend to narrow through rulemaking the list of eligible expenditures authorized under the Act and the bond issue. Paragraph 1 of subsection C has also been amended to broaden the eligible use to all residential dwelling units which the Authority believes is authorized under the Act and bond issue legislation.

STATUTORY AUTHORITY: 30-A MRSA §§4741(1) and 5001 et seq., PL 1991, c. 610 and P&SL 1989, c.84.

AMENDMENT TO HOUSING TRUST FUND
SPONSORED BY COUNCILOR MAVODONES AND MAYOR STRIMLING
RE: ANNUAL ALLOCATION OF CIP FUNDS INTO TRUST

DIVISION 31. HOUSING TRUST FUND

Sec. 14-489. Housing trust fund.

(a) *Purpose.* The purpose of enacting this section is:

1. To establish a City of Portland housing trust fund for the promotion, retention and cration of an adequate supply of housing, particularly affordable housing, for all economic groups and to limit the net loss of housing units in the City.
2. To serve as a vehicle for addressing very low, low, and median income housing needs through a combination of funds as set out in section 14-483 of this chapter.

(b) *Definitions.*

Very low income household. A household having an income not exceeding fifty (50%) percent of median income for area of residence as set forth in regulations promulgaged from time to time by the United States Department of Housing and Urban Development pursuant to 42 U.S.C. section 1437 et seq.

Low income household. A household having an income not exceeding eighty (80%) percent of median income for area of residence as set forth in regulations promulgated from time to time by the United States Department of Housing and Urban Development pursuant to 42 U.S.C. sections 1437 et seq.

Moderate income household. A household having an income not exceeding one hundred twenty (120%) percent of median income for area of residence as set forth in regulations promulgated from time to time by the United Sates Department of Housing and Urban Development pursuant to 42 U.S.C. sections 1437 et seq.

(c) *Establishment of the housing trust fund.* The city council shall establish a special revenue account under the name "City of Portland Housing Trust Fund." Deposits into the fund shall include:

1. Contributions from the city's housing replacement ordinance under 14-483(i);
2. Funds appropriated to be deposited into the fund by vote of the city council;
3. Voluntary contributions of money or other liquid assets to the fund;
4. Any federal, state or private grant or loan funds provided to the fund;
5. Interest from fund deposits and investments;
6. A percentage of the city's capital improvement program (CIP) shall be calculated and appropriated annually to the Housing Trust Fund. The annual appropriation shall not be less than 10% (ten percent) of the total CIP. This appropriation shall be in effect upon enactment and through the 2024 CIP; and
- ~~67.~~ Repayments of loans made from the fund.

(d) *Management of the trust fund.* The city manager, or his or her designee, shall serve as the manager of the housing trust fund. The responsibilities of the manager, subject to the orders of the city council, shall include:

1. Maintaining the financial and other records of the housing trust fund;
2. Disbursing and collecting housing trust fund monies in accordance with the housing trust fund annual plan; and
3. Monitoring the use of monies distributed to successful applicants for housing trust fund support to assure on-going compliance with the purposes of the fund and the conditions under which these monies were granted or loaned.

(e) *Housing trust fund annual plan.* Each fiscal year, the city council shall adopt a housing trust fund annual plan. The city manager shall submit to the city council a recommended housing trust fund annual plan, utilizing the revenues of the housing trust fund as well as any other funds the manager may

propose as appropriate. The housing committee of the city council or such other committee as the council shall designate shall conduct public hearings on the recommended plan and refer the matter to the council for action.

The housing trust fund annual plan shall include:

1. A description of all programs to be funded in part or in full by the housing trust fund;
2. A description of how funds from the housing trust fund will be distributed among very-low-income, low-income and moderate income households; and
3. The amount of funds budgeted for programs funded in part or in full from the housing trust fund.

Priority for the expenditure of funds collected pursuant to the housing replacement ordinance (see Sec. 14-483) shall be given to the creation of new housing stock, through either new construction or conversion of non-residential buildings to residential use.

(f) *Distribution and use of the housing trust fund's assets.*

1. All distribution of principal, interest or other assets of the housing trust fund shall be made in furtherance of the public purposes set out in section 14-483.
2. During each year, the housing trust fund shall disburse as grants or loans so much of the housing trust fund's assets as the city council in its discretion has approved in the housing trust fund annual plan.
3. Funds shall not be used for city administrative expenses.
4. Funds shall not be used for property operating expenses or supporting services.
5. No grants or loans shall be awarded by the housing trust fund to corporations, partnerships or individuals who are delinquent, at the time of application in the payment of property taxes or other fees to the city of Portland, who have been convicted of arson, who have been convicted of discrimination in the sale or lease

of housing under the fair housing laws of the State of Maine, or who have pending violations of current city electrical, plumbing building or housing codes or zoning ordinances.

(g) *Term of affordability.*

1. Whenever funds from the housing trust fund are used for the acquisition, construction or substantial rehabilitation of an affordable rental or cooperative unit, the City of Portland shall impose enforceable requirements on the owner of the housing unit that the unit remain affordable for the remaining life of the housing unit, assuming good faith efforts by the owner to maintain the housing unit and rehabilitate it as necessary. The remaining life of the housing unit shall be presumed to be a minimum of thirty (30) years.
2. Whenever funds from the housing trust fund are used for the acquisition, construction or substantial rehabilitation of ownership housing, the city of Portland shall impose enforceable resale restrictions on the owner to keep the housing unit affordable for the longest feasible time, while maintaining and equitable balance between the interests of the owner and the interests of the city of Portland.
3. The affordability restriction requirements described in this section shall run with the land and the city of Portland shall develop appropriate procedures and documentation to enforce these requirements and shall record such documentation in the Cumberland County Registry of Deeds.

JILL C. DUSON (A/L)
PIOUS ALI (A/L)
NICHOLAS M. MAVODONES, JR (A/L)

**ORDER AUTHORIZING GENERAL OBLIGATION BONDS
IN AN AMOUNT NOT TO EXCEED \$7,000,000**

FOLLOWING a public hearing of the City Council of the City of Portland, Maine, held upon due notice pursuant to Article VII, Section 9 of the City Charter, **IT IS HEREBY ORDERED THAT:**

There be and hereby is authorized and approved the incurring of indebtedness by the City of Portland and the issue and sale of general obligation bonds and notes in anticipation thereof in the aggregate principal amount not to exceed Seven Million Dollars (\$7,000,000) to be used to capitalize the City's Housing Trust Fund established by Section 14-489 of the City's Code of Ordinances and distributed by the City's Division of Housing and Community Development in the form of grants to be used to provide financial support for qualified affordable housing projects, and all other costs related and ancillary thereto (the "Projects").

BE IT FURTHER ORDERED:

1. That the Finance Director be and hereby is authorized to prepare, issue, and sell such bonds in the name of and on behalf of the City, in the aggregate amount of \$7,000,000 (the "Bonds") at one time, or from time to time, as one or more separate bond issues, which may be in a issued on a lump sum or on an as-needed basis, and to determine the date, form, minimum denomination, interest rates (as term bonds or serial bonds or some combination thereof, and which may be a fixed or variable rate, or some combination thereof), maturities (with the last maturity not to exceed the maximum term permitted by law) and all other details, terms and provisions, not inconsistent herewith, including the form and manner of their sale and award as he may approve, such approval to be conclusively evidenced by the execution thereof;

2. That the Finance Director be and hereby is authorized to borrow money in anticipation of said Bonds by the issuance and sale of notes or renewal notes in anticipation of said Bonds ("BANs"), at one time or from time to time, as one or more separate BANs, which may be in a issued on a lump sum or on an as-needed basis (which may be in the form of a line of credit obligation), and to determine the date, form, minimum denominations, interest rate (which may be a fixed or variable rate, or some combination thereof), maturities (with the last maturity not to exceed 3 years from its date of issuance) and all other details of each issue of BANs, including the form and manner of their sale and award, subject to the provisions of the law, the City Charter and this Order;

3. That the Finance Director be and hereby is authorized to provide that any of the Bonds and BANs be made subject to call for redemption, with or without premium, prior to their stated dates of maturity, as provided in 30-A M.R.S.A. §5772(6), as amended;

4. That the Bonds and BANs issued hereunder shall be signed by the Finance Director and by the Mayor, either or both of whose signatures may be by facsimile to the extent permitted by law, attested to by the City Clerk, under the seal of the City, and shall be in such form and contain such terms and provisions not inconsistent herewith as they may approve, their approval to be conclusively evidenced by their execution thereof;

5. That the Finance Director is authorized to negotiate, execute, and deliver, in the name of and on behalf of the City such contracts, agreements, loan or line of credit agreements, instruments and other documents and certificates as may be necessary or appropriate, as determined and approved by the Finance Director, in connection with the financing of the Projects, which contracts, agreements, loan or line of credit agreements, instruments and other documents and certificates shall be in such form and contain such terms and conditions, not inconsistent herewith, as may be approved by the Finance Director, such approval to be conclusively evidenced by his execution thereof;

6. That the Finance Director be and hereby is authorized to select the underwriter or bank, as applicable, for underwriting or purchase of the Bonds or BANs and the Finance Director be and hereby is authorized and empowered to execute and deliver such contracts, agreements or loan or line of credit agreements as may be necessary or appropriate in connection therewith;

7. That the Finance Director be and hereby is authorized to prepare, or cause to be prepared, a Preliminary Official Statement and an Official Statement for use in the offering and sale of the Bonds or BANs, such Preliminary Official Statement and Official Statement to be in such form and contain such information as may be approved by the Finance Director, with the advice of the bond counsel for the City, and that the use and distribution of the Preliminary Official Statement and the Official Statement in the name of and on behalf of the City in connection with offering the Bonds or BANs for sale be and hereby is approved;

8. That the Finance Director be and hereby is authorized to select the registrar, paying agent and transfer agent (the "Transfer Agent") for the Bonds or BANs and to execute and deliver such contracts and agreements as may be necessary or appropriate to secure their services;

9. That the Bonds or BANs shall be transferable only on the registration books of the City kept by the Transfer Agent, and said principal amount of the bonds of the same maturity (but not of other maturity) in minimum denominations of \$5,000 and any integral multiple in excess thereof upon surrender thereof at the principal office of the transfer agent, with a written instrument of transfer satisfactory to the transfer agent duly executed by the registered owner or his attorney duly authorized in writing. Upon each exchange or transfer of a bond the City and the Transfer Agent shall make a charge sufficient to cover any tax, fee or any other governmental charge required to be payable with respect to such exchange or transfer, and with respect to such exchange or transfer, and subsequent to the first exchange or transfer, the cost of preparing new bonds upon exchanges or transfer thereof to be paid by the person requesting the same;

10. That the Finance Director be and hereby is authorized to undertake all acts necessary to provide for the issuance and transfer of such Bonds or BANs in book-entry form pursuant to the Depository Trust Company Book-Entry Only System, as an alternative to the provisions of the foregoing paragraph above regarding physical transfer of Bonds or BANs, and the Finance Director be and hereby is authorized and empowered to enter into a Letter of Representation or any other contract, agreement or understanding necessary or, in his opinion, appropriate in order to qualify the Bonds or BANs for and participate in the Depository Trust Company Book-Entry Only System;

11. That the Finance Director and Mayor from time to time shall execute such Bonds or BANs as may be required to provide for exchanges or transfers of Bonds or BANs, all such Bonds or BANs to bear the original signature of the Finance Director and Mayor, and in case any officer of the City whose signature appears on any Bond or BAN shall cease to be such officer before the delivery of said Bond or BAN, such signature shall nevertheless be valid and sufficient for all purposes, the same as if such officer had remained in office until delivery thereof;

12. That if the Bonds or BANs, or any part of them, are issued on a tax-exempt basis, the Finance Director be and hereby is authorized and directed to covenant and certify on behalf of the City that no part of the proceeds of the issue and sale of the Bonds or BANs authorized to be issued hereunder shall be used directly or indirectly to acquire any securities or obligations, the acquisition of which would cause such Bonds or BANs to be "private activity bonds" or "arbitrage bonds" within the meaning of Sections 141 and 148 of the Internal Revenue Code of 1986, as amended;

13. That if the Bonds or BANs, or any part of them, are issued on a tax-exempt basis, the officers or officials executing the Bonds or BANs be and hereby are individually authorized to covenant and agree, on behalf of the City, for the benefit of the holders of such Bonds or BANs, that the City will file any required reports and take any other action that may be necessary to insure that interest on the notes will remain exempt from federal income taxation, and that the City will refrain from any action that would cause interest on the Bonds or BANs to be subject to federal income taxation;

14. That the officers executing the Bonds or BANs be and hereby are individually authorized to covenant, certify and agree, on behalf of the City, for the benefit of the holders of such Bonds or BANs, that the City will file any required reports, make any annual financial or material event disclosure, and take any other action that may be necessary to insure that the disclosure requirements imposed by Rule 15c2-12 of the Securities and Exchange Commission, if applicable, are met;

15. That any or all of the Bonds or BANs may be consolidated with and become a part of any other issue of temporary notes or general obligation bonds authorized to be issued by any previous or subsequent order of the City Council of the City of Portland;

16. That the Finance Director, Mayor and Clerk and other proper officials of the City be, and hereby are authorized and empowered in its name and on its behalf to do or cause to be done all such acts and things, not inconsistent herewith, as may be necessary or desirable in order to effect the issuance, sale and delivery of the Bonds or BANs;

17. That if any of the officers or officials of the City who have signed or sealed the Bonds shall cease to be such officers or officials before the Bonds or BANs so signed and sealed shall have been actually authenticated or delivered by the City, such Bonds or BANs nevertheless may be authenticated, issued, and delivered with the same force and effect as though the person or persons who signed or sealed such Bonds or BANs had not ceased to be such officer or official; and also any such bonds or notes may be signed and sealed on behalf of the City by those persons who, at the actual date of the execution of such Bonds or BANs, shall be the proper officers and officials of the City, although at the nominal date of such Bonds or BANs any such person shall not have been such officer or official;

18. That if the Finance Director, Mayor or Clerk are for any reason unavailable to approve and execute the Bonds or BANs or any other documents necessary or convenient to the issuance, execution and delivery of the Bonds or BANs, the person or persons then acting in any such capacity, whether as an assistant, a deputy, or otherwise, is authorized to act for such official with the same force and effect as if such official had performed such act.

19. That the Bonds or BANs authorized by this Order are in addition to any bonds or notes previously authorized for the same or similar purposes;

20. That to the extent not payable from other funds, an amount sufficient for the payment of the annual payments of principal and interest on the Bonds or any BANs issued hereunder shall be included in the tax levy of each year until the debt represented by said Bonds or BANs is extinguished;

21. That during the term any of the Bonds (or bonds issued to refund such Bonds) are outstanding, the Finance Director be and hereby is authorized to issue and deliver refunding bonds to refund some or all of the Bonds then outstanding, and to determine the date, form, interest rate, maturities and all other details of such refunding bonds, including the form and manner of their sale and award. The Finance Director be and hereby is further authorized to provide that any of such refunding bonds be made callable, with or without premium, prior to their stated date(s) of maturity, and each refunding bond shall be signed by the Finance Director and by the Mayor, either or both of whose signatures may be by facsimile to the extent permitted by law, attested to by the City Clerk, under the seal of the City, and shall be in such form and contain such terms and provisions not inconsistent herewith as they may approve, their approval to be conclusively evidenced by their execution thereof.

ORDER APPROPRIATING BOND PROCEEDS
IN AN AMOUNT NOT TO EXCEED \$7,000,000

IT IS HEREBY ORDERED THAT:

1. The sum of \$7,000,000 be and hereby is appropriated to be used to capitalize the City's Housing Trust Fund established by Section 14-489 of the City's Code of Ordinances and distributed by the City's Division of Housing and Community Development in the form of grants to be used to provide financial support for qualified affordable housing projects.
2. The appropriation set forth in Section 1 above is and shall be contingent upon the approval by the City Council of general obligation bonds for such purpose (the amount appropriated in said Section 1 to be adjusted to reflect the principal amount of bonds so authorized) and the issuance and delivery of such bonds (or notes in anticipation thereof) for such purposes. The foregoing appropriations shall also be applied to issuance costs for such bonds (or notes in anticipation thereof).
