

**Agenda**  
**Mayor's Initiative for Healthy and Sustainable Food Systems**  
**November 19, 2015**  
**10:00 – 11:30, City Hall, Room 209**

1. Welcome and Introductions
2. Celebrating the success of the Mayor's Initiative
  - Community, organizational and individual impact
3. Portland Food Council planning and development – next stages
  - Stephanie will continue in the role of administrator (maintaining the listserve, website, scheduling and facilitating meetings and coordinating communication).
  - Policy subcommittee interns will continue researching the varying structures of existing food councils nationwide to identify possible models for Portland to emulate, as well as engaging community stakeholders in conversations to better understand their collective vision of what role the Portland Food Council could serve.
  - Policy subcommittee will maintain relations with City staff to keep them abreast of community interest in building and maintaining an equitable food system that promotes health, economic development, community development and sustainable agriculture.
  - Ongoing - budget development that will fund a full-time Food System Director and augment the City of Portland's capacity to address complex food system issues by maximizing outside funding opportunities.
